NOTICE OF PESTICIDE

X Registration
____ Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Grant Laboratories, Inc.
14688 Washington Ave
San Leandro, CA 94578

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/ reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA sec. 4.
2. Revise the package label as follows:
 - a. Replace "EPA Reg. No. 1663-GE" with "EPA Reg. No. 1663-32" on the bottom of page 1.
 - b. Add "Not to be used around electrical equipment" under Use Restrictions on page 3.

continued

Signature of Approving Official:

Date:

S. Oonnithan, Ph.D.

FEB - 4 2000

EPA Reg. No. 1663-32 contd...

- c. Add a contact phone number (optional) under Company Name for the consumers to call for additional information on the product.
- 3. Add a contact phone number to the bait station label for the consumers to call for instructions, if children or pets come in contact with the bait station.
- 4. Submit a new Confidential Statement of Formula (Form 8570-4) after completing the EPA Reg. No. and bulk density.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. Should you have any questions, do not hesitate to contact me at oonnithan.suku@epa.gov or at 703-605-0368.

Sincerely,

S. (Onni) Oonnithan, Ph.D.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or physician immediately for treatment advice.

NOTE TO PHYSICIAN: Propoxur is a reversible cholinesterase inhibitor. Atropine sulfate is antidotal and should be administered only if symptoms appear.

Have the product container or label with you when calling a poison control or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

This product is toxic to wildlife and aquatic invertebrates. Birds and small mammals feeding on treated bait may be killed. Do not apply directly to water. Do not contaminate water by disposal of wastes. Do not apply as a landscape treatment to lawns, shrubs or trees, and garden plants.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Grant's Ant Control System kills ants now...and helps prevent their return. GRANT'S KILLS ANTS® in their home, not yours.

GRANT'S Ant Control System contains a special formula that attracts scout ants seeking food for their colony. They take the bait back home, where it is eaten by both the queen and the worker ants. The colony stops reproducing and begins to die. The weakened or destroyed colony can no longer infest your home.

Pre-cut hole provides ants access to bait.

Stake (bait station) (ant bait) is designed to push easily into ground, or be laid flat indoors, on hard ground, patios and decks.

Application Directions: Place stakes (bait stations) (ant baits) only in places inaccessible to children, pets and other non-target animals.

To control grease eating and sweet eating house ants in and around homes

Outdoors: Surround house with stakes (bait stations) (ant baits) , six to eight feet apart on all sides. Place stakes (bait stations) (ant baits) at both sides of all outside doors and all corners. Larger homes or buildings may require more than one package.

Indoors: Place stakes (bait stations) (ant baits), hole side up, under sinks, on counters, behind appliances and along ant trails.

GRANT'S starts to work immediately. Some ants die in hours. Larger colonies may take a week or longer. **GRANT'S** works until ants have taken away all the bait. For continuing protection, replace stakes (bait stations) (ant baits) every 3 to 6 months, or sooner if stakes (bait stations) (ant baits) are empty.

Use Restrictions: Not for use in vegetable gardens. Do not contaminate food or feed.

STORAGE & DISPOSAL

Storage: Store only in original container, in a dry place inaccessible to children and pets.

Disposal: Do not reuse empty container. Securely wrap in newspaper and discard in trash.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Warranty: Guaranteed to work when used as directed.
