Ms. Rebecca M. Horton, Agent
Grant Laboratories, Inc.
c/o Registrations by Design, Inc.
P.O. Box 1019
Salem, VA 24153

Subject: Label Amendment – Adding Marketing Claims, Directions for Use, and Other Revisions
Product Name: Grant's Kills Ants Ant Control with Baygon
EPA Registration Number: 1663-32
Application Date: July 31, 2017
Resubmission Date: April 16, 2018
Decision Number: 532149

Dear Ms. Horton:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

SEE NEXT PAGE

EPA Reg. No. 1663-32
Decision No. 532149

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact me by phone at (703)308-2972 or via email at walsh.michael@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael Walsh', written in a cursive style.

PRECAUTIONARY STATEMENTS

Hazards to Human and Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
If swallowed:	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 – 20 minutes.• Call a poison control center or doctor for treatment advice.
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN: Propoxur is a reversible cholinesterase inhibitor. Atropine sulfate is antidotal and should be administered only if symptoms appear.	

ENVIRONMENTAL HAZARDS

This product is toxic to wildlife and aquatic invertebrates. Birds and small mammals feeding on treated bait may be killed. Do not apply directly to water. Do not contaminate water by disposal of wastes. Do not apply as a landscape treatment to lawns, shrubs or trees, or garden plants.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact any person or pet, either directly or indirectly. Keep people and pets out of the area during application.

USE RESTRICTIONS

Not for use in vegetable gardens.

Do not contaminate food or feed.

Not to be used around electrical equipment.

Do not place in areas accessible to children, pets and other non-target animals.

USER SAFETY RECOMMENDATIONS: Users should wash hands before eating, drinking, chewing gum, using tobacco, or using toilet

[Product name] [This product] [stakes] [stations] kill[s] ants (excluding carpenter, fire harvester and pharaoh ants) now...and helps prevent their return. Kill ants (excluding carpenter, fire, harvester and pharaoh ants) in their home, not yours.

[[Product Name] [This product] contains a bait formula that attracts scout ants (excluding carpenter, fire harvester and pharaoh ants) seeking food for their colony. They take the bait back home to share. Once the queen and other ants (excluding carpenter, fire, harvester and pharaoh ants) eat it, the colony is destroyed.]]

[They take the bait back home where it is eaten by both the queen and the worker ants (excluding carpenter, fire, harvester and pharaoh ants). The colony stops reproducing and begins to die. The weakened or destroyed colony can no longer infest your home.]

Pre-cut hole provides ants* access to bait.

The [bait] [stakes] are designed to push easily into ground, or [they can] be laid flat [indoors, on hard ground, patios and decks.]

{Note to reviewer: package may feature the following imagery as photographs or illustrations: bait stations, ants, an ant silhouette crossed out and/or listed use location}

Application Directions: Place [bait][stakes] [stations] only in places inaccessible to children, pets and other non-target animals.

To control grease eating and sweet eating house ants* in and around homes:

{when marketed for outdoor use}

[Outdoors: Place in areas where ants* are seen, such as near cracks, crevices or other areas around the periphery of the home where ants* may gain entry. Surround house with [bait] [stakes] [stations], six to eight feet apart on all sides. Place [bait] [stakes] [stations] at both

sides of all outside doors and all corners. Larger homes or buildings may require more than one package.]

{when marketed for indoor use}

[Indoors: Place [bait] [stakes] [stations], hole side up, under sinks, on counters, behind appliances and along ant* trails.]

{when package contains adhesive tape}

[Use enclosed [tape] [adhesive strips] [adhesive squares] to affix stations in place.]

[If desired, enclosed adhesive strips/squares/tape can be used to secure [bait] [stakes] [stations] [, in position/where you want them].]

[Press firmly to affix stations to cabinets, floors & walls with enclosed [tape] [adhesive strips] [adhesive squares].]

[Not intended for use on wallpaper or painted surfaces.]

[Test adhesive in an inconspicuous place before using.]

[This product] [Product name] starts to work immediately. Some ants* die in hours. Larger colonies may take a week or longer. [Product name] [stations] [stakes] work[s] until ants* have taken away all the bait. For continuing protection against ants*, replace [bait] [stakes] [stations] every 3 to 6 months, or sooner if empty.

*except carpenter, fire, harvester and pharaoh ants

STORAGE & DISPOSAL

Pesticide Storage: Store only in original container, in a dry place inaccessible to children and pets.

Pesticide Disposal and Container Handling: *If empty:* Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. To the extent consistent with applicable law, buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Warranty: Guaranteed to work when used as directed or your money back
