Washington, D.C. 20460

NOTICE OF PESTICIDE Registration

(under FIFRA, as amended)

EPA Reg. Number:
1663-33

Date of Issuance:
DEC 1 2003

Term of Issuance:
Conditional Registration

Name of Pesticide Product:
Grant's Ant Control A

Name and Address of Registrant (include ZIP Code):

**Rebecca M. Horton
Grant Laboratories, Inc.
14688 Washington Ave.
San Leandro, CA 94578**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, EPA Reg. No. 1663-33.
- b. Revise the Establishment Number on the individual bait station/stake (1163-CA-1) to 1663-CA-1.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Linda Arrington
Acting Product Manager 10
Insecticide Branch
Registration Division (7505C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GRANT'S ANT CONTROL A kills the following ants: Argentine, Black Carpenter, Cornfield, Little Black, Odorous House and Pavement ants.

GRANT'S ANT CONTROL A STARTS TO WORK IMMEDIATELY. Kills ants now and helps prevent their return. It is easy to use and has no insecticide odor. **GRANT'S ANT CONTROL A** contains a special formula that attracts scout ants seeking food for their colony. They take the bait back home where it is eaten by the queen and worker ants. The colony stops reproducing and begins to die. The weakened or destroyed colony can no longer infest your home. Some ants die in hours. Larger colonies may take a week or longer. **GRANT'S** works until ants have taken away all the bait. After ants are controlled, properly dispose of stakes.

APPLICATION INSTRUCTIONS

To control ants around homes, ornamental gardens and flower beds. Always place ant bait stations/stakes at locations inaccessible to children, pets and other non-target animals. For best results, do not interfere with the ants or the bait stations during its use to help assure that ants carry the bait back to the colony to kill the queen and other ants.

Outdoors: Place ant bait stations/stakes to ant trails and other areas where ants are seen around the home, including ornamental gardens and flower beds. Use approximately one bait station/stake for each 15-20 feet of area to be protected, depending on severity of infestation. Place near cracks or crevices, along sills or other areas around the periphery of the home where ants may gain entry. Larger buildings may require additional package(s). For continuous control of ants, replace all bait stations/stakes after 6 weeks of use.

Indoors: Place ant bait stations/stakes – hole side up – in cabinets, under sinks, behind appliances, and along ant trails and other areas where ants are observed. If used in ground level cabinet, use child-proof fasteners on doors. For continuous control of ants, replace all bait stations/stakes after 3 months of use.

Pre-cut hole provides
ants access to bait.

Plastic base.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry area out of reach of children.

DISPOSAL: *If empty:* Do not reuse this container. Place in trash. *If partly filled:* Call your local solid waste agency or toll free number 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
