- This package contains ___ Ready-to-Use Ant Bait Stations/Stakes for placement behind appliances and along ant trails.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GRANT'S ANT CONTROL A kills the following ants: Argentine, Black Carpenter, Cornfield, Little Black, Odorous House and Pavement ants.

GRANT'S ANT CONTROL A STARTS TO WORK IMMEDIATELY. Kills ants now and helps prevent their return. It is easy to use and has no insecticide odor. GRANT'S ANT CONTROL A contains a special formula that attracts scout ants seeking food for their colony. They take the bait back home where it is eaten by the queen and worker ants. The colony stops reproducing and begins to die. The weakened or destroyed colony can no longer infest your home. Some ants die in hours. Larger colonies may take a week or longer. GRANT'S works until ants have taken away all the bait. After ants are controlled, properly dispose of stakes.

APPLICATION INSTRUCTIONS

To control ants around homes, ornamental gardens and flower beds. Always place ant bait stations/stakes at locations inaccessible to children, pets and other non-target animals. For best results, do not interfere with the ants or the bait stations during its use to help assure that ants carry the bait back to the colony to kill the queen and other ants.

Outdoors: Place ant bait stations/stakes to ant trails and other areas where ants are seen around the home, including ornamental gardens and flower beds. Use approximately one bait station/stake for each 15-20 feet of area to be protected, depending on severity of infestation. Place near cracks or crevices, along sills or other areas around the periphery of the home where ants may gain entry. Larger buildings may require additional package(s). For continuous control of ants, replace all bait stations/stakes after 6 weeks of use.

Indoors: Place ant bait stations/stakes – hole side up – in cabinets, under sinks, behind appliances, and along ant trails and other areas where ants are observed. If used in ground level cabinet, use child-proof fasteners on doors. For continuous control of ants, replace all bait stations/stakes after 3 months of use.

4/4

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry area out of reach of children.

DISPOSAL: *If empty:* Do not reuse this container. Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency or toll free number 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
