Grant Laboratories Inc.  
c/o Rebecca Horton  
Registrations by Design  
P.O. Box 1019  
Salem, VA 24153

Subject: Label Amendment – Removal of “California Prop 65” disclaimer in compliance with the October 8, 2009 California Superior Court Consent Judgment for products containing hydramethylnon  
Product Name: Grant’s Kills Ants Grant’s Ant Control A  
EPA Registration Number: 1663-33  
Application Date: March 21, 2018  
Decision Number: 539825

Dear Ms. Horton:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 1663-33  
Decision No. 539825

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Autumn Metzger at 703-305-5314, or [Metzger.autumn@epa.gov](mailto:Metzger.autumn@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is fluid and cursive, with the first name being more prominent.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by storage or disposal.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Wash hands with soap and water promptly after use.**

**GRANT'S ANT CONTROL A** [K]kills the following ants\*: Argentine, Black Carpenter, Cornfield, Little Black, Odorous House and Pavement ants.

\*excludes fire, harvester and pharaoh ants

**GRANT'S ANT CONTROL A STARTS TO WORK [WORKING] IMMEDIATELY.** Kills ants now and helps prevent their return. It is easy to use and has no insecticide odor. GRANT'S ANT CONTROL A contains a [bait] formula that attracts scout ants seeking food for their colony. They take the bait back home where it is eaten by the queen and worker ants. The colony stops reproducing and begins to die. The weakened or destroyed colony can no longer infest your home. Some ants die in hours. Larger colonies may take a week or longer. GRANT'S works until ants have taken away all the bait. After ants are controlled, properly dispose of stakes according to the Disposal Statements on this label.

{Optional formatting for small packaging}

A smart way to control ants. GRANT'S ANT CONTROL A destroys the entire ant colony, killing ants now and helping prevent their return. •Bait attracts scout ants seeking food for the colony. • Scout ants take bait back home where it is eaten by queen and worker ants. • Colony stops reproducing and begins to die. • Destroyed colony can no longer infest your home.

### APPLICATION INSTRUCTIONS

To control ants around homes, ornamental gardens and flower beds. Always place ant bait stations/stakes at locations inaccessible to children, pets and other non-target animals. [Stake is designed to push easily into semi-soft ground or be laid flat on a hard surface indoors or outdoors.] [Ant station is designed to be laid flat, hole side up, on a hard surface indoors or outdoors.] For best results, do not interfere with the ants or the bait stations during its use to help assure that ants carry the bait back to the colony to kill the queen and other ants.

**Outdoors:** Place ant bait stations/stakes along ant trails and other [in] areas where ants are seen [around the home, including ornamental gardens and flower beds]. Use approximately [Place] one bait station/stake for each [every] 15-20 feet of area [to be protected], depending on severity of infestation. Place near cracks or crevices, along sills or other areas around the periphery of the home where ants may gain entry. For continuous control of ants, replace all bait stations/stakes after 6 weeks of use.

**Indoors:** Place ant bait stations/stakes – hole side up – in cabinets, under sinks, behind appliances, and along ant trails and other areas where ants are observed. If used in ground level cabinet, use child-proof fasteners on doors. For continuous control of ants, replace all bait stations/stakes after 3 months of use.

{Alternate Application Instructions formatted for small packaging}

Ant station is designed to be laid flat, hole side up, on a hard surface indoors or outdoors. Always place ant stations in locations inaccessible to children, pets and other non-target animals. **Indoors:** Place under sinks, behind appliances and along ant trails. If used in ground level cabinet, use child-proof fasteners on doors. **Outdoors:** Place in areas where ants are seen, such as near cricks, crevices or other areas around the periphery of the home where ants main gain entry. Place one bait every 15-20 feet of area. For continuous control of ants, replace all indoor ant stations after 3 months of use and outdoor ant stations after 6 weeks of use.

[calendar graphic: For continuous control of ants, replace all indoor bait stations/stakes after 3 months of use and outdoor bait stations/stakes after 6 weeks of use.]
