Subject: Label Amendment – updating address, adding handling precautions  
Product Name: GRANT'S KILLS ANTS LIQUID ANT BAIT  
EPA Registration Number: 1663-36  
Application Date: 04 April 2018  
Decision Number: 540157

Dear Ms. Horton:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 540157

with FIFRA section 6. If you have any questions, please contact Helen Hull-Sanders by phone at 703-347-0243, or via email at [hull-sanders.helen@epa.gov](mailto:hull-sanders.helen@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is cursive and somewhat stylized, with the first letters of the first and last names being capitalized and prominent.

# Grant's Kills Ants® Liquid Ant Bait

**ACCEPTED**  
**05/29/2018**  
Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 1663-36

### Optional Marketing Statements

From Amdro®

Destroys entire colonies!

Kills common household ants

Kills Caribbean crazy ants!

Guaranteed to work!

Pre-filled

Ready to use

No drips, spills or mess when used according to label directions.

A smart way to control ants.

Grant Kills Ants Liquid Ant Bait goes straight to the source – killing the queen and the whole underground colony. That's why it is guaranteed to work – indoors and out.

Easy. Ready to Use. Guaranteed.

### Bait Placement

Indoor - Interior Defense

Outdoor - Perimeter Defense

Don't just control ants at the surface when you can destroy them deep down – in the underground colonies where they live

- Liquid bait draws scout ants, who take bait back to the colony
- Queen and worker ants eat bait
- Colony stops reproducing and dies out

For indoor and outdoor use

Kills ants at their source

Kills the queen and entire colony

Ants carry bait back to the colony to kill the queen and other ants

Kills ants now and keeps them from coming back

Odorless to humans – no vapor, fumes or odor that humans can smell

[NOTE TO EPA: Label may include graphics representing product use; e.g., placement of bait stations in cabinets, outside perimeter of home, in ornamental gardens, etc.]

Not for use against pharaoh, fire, harvester, or carpenter ants.

### ACTIVE INGREDIENT:

Hydramethylnon (CAS #67485-29-4) .....1.0%

OTHER INGREDIENTS:.....99.00%

**Keep out of Reach of Children**

**CAUTION**

See back/side/other panel(s) for additional Precautionary Statements.

4/6/8/12 Ant [Bait] Stations

Net Wt. 0.2 oz ea Total Net Wt 1.2 oz

## **PRECAUTIONARY STATEMENTS**

### **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**Environmental Hazards:** This product is toxic to fish. Do not apply directly to water. Do not contaminate water by storage or disposal.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. **Wash hands with soap and water promptly after use.**

This product kills common household ants including Argentine, Cornfield, Little Black, Odorous House, Pavement, and Caribbean Crazy ants.

#### **Application Instructions:**

To control ants inside and outside homes and within ornamental gardens and flower beds. Always place ant stations in locations inaccessible to children, pets and other non-target animals. Do not apply this product by any method not specified on this label.

Holding ant station level, with red tape seal facing up, remove the red tape. Keeping the opening facing upwards, place ant station on flat surface inside or outside near ant trails or where ants are numerous. If used in ground level cabinet, use child-proof fasteners on doors. Place additional stations anywhere ants may enter your home. For best results, use approximately one bait station for every 15-20 feet area [to be protected], depending on severity of infestation.

Monitor regularly for activity, but do not interfere with the ants or stations. Observe bait opening, and replace stations when liquid is depleted. Once ants are controlled, replace stations every 3 months to control any newly invading ant colonies.

#### **Pesticide Storage and Disposal**

**Pesticide Storage:** Store in cool, dry area out of reach of children.

**Pesticide Disposal:** If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Container Disposal:** Nonrefillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available.
