OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Rebecca M. Horton, Agent for Grant Laboratories, Inc. Registration by Design, Inc. P.O. Box 1019 Salem, VA 24153-3805

SUBJECT: Application for Pesticide Notification (PRN 98-10) Request General Label Change EPA Reg. No. 1663-37 Application Dated July 15, 2009

Dear Ms. Horton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 07/15/09 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

Linda Arrington Notifications & Minor Formulations Team Leader Registration Division (7505P) Office of Pesticide Programs

[Back/Side/Other Panel(s)]

This product kills common household ants including Acrobat, Argentine, Big-headed, Ghost, Cornfield, Crazy, Little Black, Odorous House, Pavement, White-footed, and other sweet eating ants.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Use Precautions: Do not contaminate feed, food products, or food preparation surfaces, dishes, kitchen utensils, and food containers. Always place ant stations in locations inaccessible to children, pets and other non-target animals. If used in ground level cabinet, use child-proof fasteners on doors.

Application Instructions:

To control ants inside and outside homes and within ornamental gardens and flower beds.

Indoors: Place baits next to the wall along baseboards, in corners, under sinks, in cabinets, and near plumbing fixtures.

Outdoors: Place baits in areas where ants are seen near cracks, crevices or other areas around the home where ants may gain entry.

Holding ant station level, with removable seal facing up, remove the seal. Keeping the opening facing upwards, place ant station on flat surface inside or outside near ant trails or where ants are numerous. Use one bait station for every 15-20 feet area [to be protected], depending on severity of infestation.

Monitor regularly for activity, but do not interfere with the ants or stations. Observe bait opening, and replace stations when liquid is depleted. Once ants are controlled, replace stations every 3 months to control any newly invading ant colonies.

STORAGE AND DISPOSAL

Pesticide Storage: Store in cool, dry place in accessible to children and pets. **Pesticide Disposal:** If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. **Container Disposal:** If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.
