Subject: Notification per PRN 98-10 – minor label changes
Product Name: GRANT'S KILLS ANTS ANT KILLER
EPA Registration Number: 1663-37
Application Date: November 14, 2018
Decision Number: 546389

Dear Ms. Horton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at fertich.elizabeth@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is written in a cursive, flowing style.

Keep out of Reach of Children
CAUTION

Net Contents 0.36 fl oz ea [xx fl oz]
Total Net Contents 2.16 fl oz [5.4 fl oz] [xx fl oz]

{Back/Side/Other Panel(s)}

This product kills common household ants including Acrobat, Argentine, Big-headed, Ghost, Cornfield, Crazy, Little Black, Odorous House, Pavement, White-footed, and other sweet eating ants.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Use Precautions: Do not contaminate feed, food products, or food preparation surfaces, dishes, kitchen utensils, and food containers. Always place ant stations in locations inaccessible to children, pets and other non-target animals. If used in ground level cabinet, use child-proof fasteners on doors.

Application Instructions:

To control ants inside and outside homes and within ornamental gardens and flower beds.

Indoors: Place baits next to the wall along baseboards, in corners, under sinks, in cabinets, and near plumbing fixtures.

Outdoors: Place baits in areas where ants are seen near cracks, crevices or other areas around the home where ants may gain entry.

Holding ant station level, with removable seal [plug] facing up, remove the seal [plug] to activate[!]. Keeping the opening facing upwards, place ant station on flat surface inside or outside near ant trails or where ants are numerous. Use one bait station for every 15-20 feet area [to be protected], depending on severity of infestation. Ants will enter, feed and return to the nest where they will pass on the Grant's Kills Ants Ant Killer bait to the rest of the colony.

Monitor regularly for activity, but do not interfere with the ants or stations. Observe bait opening, and replace stations when liquid is depleted. Once ants are controlled, replace stations every 3 months to control any newly invading ant colonies.

STORAGE AND DISPOSAL

Pesticide Storage: Store in cool, dry place in accessible to children and pets.

Pesticide Disposal: If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Container Handling: **Nonrefillable container.** If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available.
