DATE OF ISSUANCE
	1674-16	
	TERM OF ISSUANCE	
NAME OF PESTICIDE PRODUCT		
Stetco Maintainer - D.I.S.		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

SEP 09 1986

M.D. Stetson Company
 92 York Avenue
 Randolph, MA 02368

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

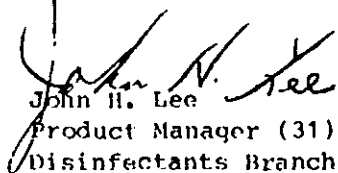

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 1674-16."
 - b. Include the subheading "Container Disposal" (lower right panel).
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMAN AND DOMESTIC ANIMALS.
KEEP OUT OF REACH OF CHILDREN. DO NOT GET IN
EYES, SKIN OR ON CLOTHING. HARMFUL IF SWALLOWED.**

DANGER: Keep out of reach of children. Causes severe eyes, and skin damage. Do not get in eyes, on skin or on clothing. Wear face shields or goggles and gloves when handling harmful or fatal if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes for eyes, call a physician. Remove and wash all contaminated clothing before re-use.

NOTE TO PHYSICIAN: If swallowed drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

MAINTAINER-D.I.S. is a disinfectant, cleaner, fungicide, deodorizer and floor finish restorer. It is used as a one step application to disinfect and clean the floor surface, and to prepare the floor finish for high speed buffing. **MAINTAINER-D.I.S.** saves both time and labor when compared with conventional two step methods of floor surface disinfection and finish renewal. After application when floor surface has dried, high speed buffing is used to develop a "wet look" gloss and to increase slip resistance.

MAINTAINER-D.I.S. is specifically designed for institutional use such as, hospitals, nursing homes, food processing plants and schools where housekeeping will be of prime importance in controlling the hazards of cross contamination from environmental floor surfaces.

TO DISINFECT, CLEAN AND RESTORE YOUR FLOOR FINISH

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Prior to use of **MAINTAINER-D.I.S.**, sweep or dust mop floor surface.
2. Use 8 ounces of **MAINTAINER-D.I.S.** (750ppm quaternary) per gallon of cold water.
3. Apply solution with wet mop. Make up fresh solution for each area.
4. Do not rinse floor after using **MAINTAINER-D.I.S.**. Allow floors to air dry.
5. After floor has dried, buff to develop "wet look" gloss and increased slip resistance. Optimum results are obtained with a buffer fitted with a soft or medium pad and buffing speed of 1000 R.P.M. or more.
6. Do not mix **MAINTAINER-D.I.S.** with any other type of floor care product. The mop used for application of **MAINTAINER-D.I.S.** should be reserved for that use only.
