**FOOD SERVICE OPERATIONS
FOOD PROCESSING PLANTS**

- Hospitals • Hotels
- Restaurants • Food Plants

CAUTION: May be harmful if swallowed, inhaled, or absorbed through the skin.

Avoid breathing of spray mist and provide adequate ventilation of areas being treated.

Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and warm water after handling. Wash contaminated clothing before reuse.

FIRST AID: Flush contaminated eyes with plenty of water and get medical attention if irritation persists.

If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

ENVIRONMENTAL CAUTION: This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.

CONTAINER DISPOSAL: Do not reuse empty container. Rinse container in it, or in a separate container, perforating it with a sharp tool, and dispose in a safe place away from water supply.

NOTE: Some users may find it necessary to express their concern to the user of the product, that the material is not to be used on food, assume responsibility for the

handling of this material when such use and/or handling is contrary to label instructions.

DO NOT use in edible food areas of food processing plants, restaurants or other areas where food is commercially prepared or processed.

DO NOT use in serving areas while food is exposed.

DO NOT use as a space spray. This product has been designed for residual kill of insects. Use application equipment in good repair. Leave surface wet. Repeat as necessary.

Remove pets, birds and cover fish aquariums before spraying.

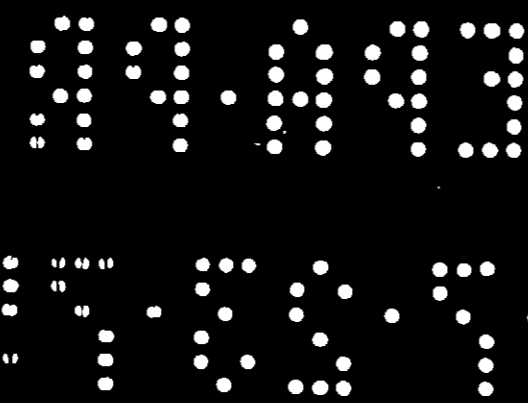

INDOOR USE: NON-FOOD AREAS: To control ants, cockroaches, crickets, silverfish, scorpions, saw-toothed grain beetles (exposed stages), water bugs. Spray along baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

For ants, spray trails and places where ants enter premises.

Do not allow children to contact surfaces until completely dry. Do not spray painted surfaces.

OUTDOOR USE: To control crickets, ticks, and millipede. Spray infested areas thoroughly including outside surfaces, screens, doors, window frames, loading docks, foundations, and other places where insects may hide. For ants, spray runway and trails. Repeat as necessary. Do not spray vegetation.
