MAY 19 1994

Subject: Bac-Flush  
EPA Registration No. 1677-89  
Your Submission Dated February 16, 1994

Dear Ms. Oxford:

This is in response to your request for EPA acceptance of the addition (in response to the EPA letter dated February 26, 1992) of sodium dioctylsulfosuccinate to your formulation without the confirmatory efficacy data requested in the EPA letter dated February 9, 1994. Your submission includes re-submitted product labeling.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to one comment: submit five copies of the finished labeling before you release the product for shipment bearing the amended labeling. A stamped copy is enclosed for your records.

The revised formulation as represented in your Confidential Statement of Formula dated July 2, 1992 is acceptable. We are not requiring the confirmatory efficacy data mentioned above since you already submitted it to FDA.

If you have any questions about this letter, please call Wallace Powell at 703-305-6938.

Sincerely,

Ruth G. Douglas

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

MAY 19 1994

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide  
registered under EPA Reg. No.  
1677-89

### STATEMENT OF PRACTICAL TREATMENT

**IF IN EYES:** Flush immediately with cool water. Remove contact lenses. Continue flushing for 15 minutes, holding eyelids apart. Get prompt medical attention.

**IF ON SKIN:** Immediately flush skin with plenty of cool running water for at least 15 minutes. Get medical attention if irritation persists.

**IF SWALLOWED:** Drink promptly large quantities of water. Avoid alcohol. DO NOT induce vomiting. Never give anything by mouth to an unconscious person.

**CONTACT A POISON CONTROL CENTER OR PHYSICIAN IMMEDIATELY FOR EMERGENCY MEDICAL INFORMATION, CALL TOLL-FREE: 1-800-328-0026.**
