Harmful or fatal if swallowed. Wash thoroughly with soap and water after harmful, Remove contaminated clothing and wash before terse. ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage plant authority. For guidance contact your State Water Board or Regional

LNSei

Office of the U.S. Environmental Protection Agency. PHYSICAL AND CHEMICAL HAZARDS: Mix only with water according to label directions. DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Dairy and Food Processing Equipment, Tanks, Vats, Pails, Pipelines and Closed Systems - clean all surfaces thoroughly with proper detergent and rinse with water. Prior to use, sanitize equipment with 1 ounce Mandate II to 6 gallons of water. Use immersion, circulation or coarse spray techniques as appropriate to the equipment. All surfaces should be exposed to the sanitizer for at least one minute or contact time specified by governing sanitary code. Drain thoroughly. Continued use of Mandate II at 1 ounce to 6 gallons of water will prevent the formation of milkstoe or mineralstone on processing equipment. NOTE: FOR MECHANICAL OPERATIONS prepared use solutions may not be reused for sanitizing but may be reused for other purposes such as cleaning. FOR MANUAL OPERATIONS fresh sanitizing solution should be prepared at least daily or more often if solution becomes diluted or soiled.

STORAGE & DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. CONTAINER DISPOSAL: (1 gl) Do not reuse empty containers. Wrap container and

put in trash. (5, 15, 30, 55 gl plastic) Triple rinse (or equivalent). Then offer for recycling or

reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
