**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER: CORROSIVE.** Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**STATEMENT OF PRACTICAL TREATMENT**

**If in Eyes:** Flush immediately with plenty of water while holding eyelids apart. Remove any contact lenses and continue flushing for 15 minutes. Call a poison control center or physician immediately.

**If on Skin:** Remove contaminated clothing. Flush with plenty of water and wash affected area with mild soap and water. If symptoms persist, call a poison control center or physician.

**If Swallowed:** Immediately rinse mouth out with water and give sips of water. DO NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a poison control center or physician immediately.

**If Inhaled:** Remove person to fresh air. If breathing becomes difficult or symptoms develop, call a poison control center or physician.

For Hospital, Institutional and Industrial Use. Cleans, deodorizes and disinfects in one operation. Kills odor causing bacteria, mildew and pathogenic fungi (T. mentagrophytes, athlete's foot fungus) and Staphylococcus aureus. Disinfects Human Immunodeficiency Virus, Type 1 (commonly known as the AIDS virus), Adenovirus Type 2, Herpes Simplex Type 1 and Influenza A2/Hong Kong on inanimate, hard, nonporous surfaces. Removes the toughest soap scum, dirt and even hard water deposits WITHOUT SCRUBBING. Use on nonporous surfaces such as bathroom chrome, fixtures, tile, sinks, shower doors and tubs, including porcelain and fiberglass. Non-abrasive; won't scratch. Leaves surfaces shiny clean. Institutional Scrub Free has been found effective against Human Immunodeficiency Virus, Type 1, (commonly known as the AIDS virus) on inanimate surfaces when tested according to the EPA Virucidal testing requirements. \*Effective against Human Immunodeficiency Virus, Type 1 (commonly known as the AIDS virus), Adenovirus Type 2, Herpes Simplex Type 1 and Influenza A2/Hong Kong.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
Do not mix with anything except water. Use Scrub Free Spray Bottle and Foamer only for mixing and dispensing product.

**For Daily Cleaning and Sanitizing:** Add 4 oz of Institutional Scrub Free to 16 oz Scrub Free bottle and fill with water (1:4 dilution). Completely foam the surface to be cleaned. Allow 2 minute contact with surface, then wipe with damp sponge or cloth. Rinse surface promptly with water.

**For Cleaning Heavy Build-Ups:** Add 8 oz of Institutional Scrub Free to 16 oz Scrub Free bottle and fill with water. Completely foam surface to be cleaned. Allow a few minutes for Institutional Scrub Free to work and wipe with damp sponge or cloth. Rinse promptly with water. (For excessively heavy build-ups, a second application may be necessary.)

**For Disinfection:** Add 8 oz Institutional Scrub Free to 16 oz Scrub Free applicator bottle and fill with water (1:2 dilution). First remove any heavy soil deposits, then completely foam the surface with Institutional Scrub Free. Allow 2 minutes contact with surface then wipe with damp cloth or sponge. Rinse promptly with water.

This product kills HIV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for the transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.** **Personal Protection:** When handling items soiled with blood or body fluids, wear personal protection such as disposable latex gloves, gowns, masks, or eye coverings. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. **Contact Time:** 2 minutes. **Disposal of Infectious Materials:** Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

For precise, automatic mixing, dispense through Control Tower Specialty Product Dispenser. **NOTE:** Do not use on natural marble, polished aluminum or special colored grout. May etch some older sinks and tubs. If in doubt, spot test hidden area first. Use only with foamer provided. Do not use any other sprayer.

This product is an effective disinfectant diluted a 1:2 (8 oz product in 16 oz bottle) in the presence of 5% blood serum and soap residue with a 2 minute contact time against the organisms listed below. Follow directions for disinfection. *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Salmonella choleraesuis*, *Clostridium difficile* (vegetative form), *Enterococcus faecalis* (vancomycin resistant strain), and *Tricophyton metagrophytes*.

For service or additional information, call 1-800-35-CLEAN (352-5326). Authorized by USDA for use in Federally Inspected Meat and Poultry Plants

**STORAGE AND DISPOSAL**

**Storage:** Store in a cool, dry area secured from general admission. Keep upright with cap tightly closed. Do not stack containers more than 2 high or under heavy objects. If container is damaged or leaking, isolate and place in secure area or receptacle. For spills, dike or plug drain. Flood with plenty of water. Broadcast SODIUM BICARBONATE or SODIUM CARBONATE over area. Rinse to drain.

**Pesticide Disposal:** Do not contaminate water, food or feed by storage or disposal. Untreated wastes are hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. Dilute 50:50 with water and neutralize with SODIUM BICARBONATE or SODIUM CARBONATE. Residue may be flushed to drain with plenty of water. If wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Do not reuse empty container. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Formula contains not more than 5.6% Phosphorus, 44.2 g per gal. of average recommended use concentration.
