Brian C. Brosdahl
Senior Manager, Regulatory Affairs
Ecolab Inc.
370 N. Wabasha Street
St. Paul, MN 55102

Subject: Sani-Glide
EPA Registration No. 1677-128
Application Date: April 14, 2003
EPA Received Date: April 16, 2003

Dear Mr. Brosdahl:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

Proposed Amendment

- Response to the Reregistration Eligibility Decision letter dated August 7, 2002

Conditions

1. Revise "If Swallowed" section to read:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

2. Since this product is sold in containers of 5 gallons or more include the following statement, Per PR Notice 93-10, on your larger product labeling:

CONCURRENCES							
SYMBOL	7510C						
SURNAME	82 Jay						
DATE	6-25-03						

ENVIRONMENTAL HAZARDS:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, and other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit or permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

3. Revise the statement "*SANI-GLIDE* contains a multiple phenolic system active as a sanitizer against gram positive and gram negative bacteria, including the pathogenic organisms *Listeria monocytogenes* and *Salmonella typhimurium*, on inanimate, non-food contact surfaces." to read "*SANI-GLIDE* contains a multiple phenolic system active as a sanitizer against the pathogenic organisms *Listeria monocytogenes* and *Salmonella typhimurium*, on inanimate, non-food contact surfaces."

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit three(3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at 703-308-6422.

Sincerely,

Adam Heyward
Product Manager 34

SANI-GLIDE

Non-Food Contact Surface Sanitizer and Conveyor Lubricant/Detergent
for the Dairy, Beverage and Food Processing Industries

Active Ingredients:

o-Phenylphenol.....	1.5%
o-Benzyl-p-chlorophenol	1.4%
Other Ingredients *	<u>97.1%</u>
Total	100.0%

* Contains lubricity and cleaning agents.

ACCEPTED
with COMMENTS
EPA Letter Dated:

JUN 25 2003

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No.

1677-128

KEEP OUT OF REACH OF CHILDREN

DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE: Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield (safety glasses), protective clothing (long-sleeve shirt and long pants, socks, plus shoes and chemical resistant gloves, such as barrier laminante or butyl rubber, nitrile rubber, neoprene rubber, polyvinyl chloride, or viton). Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause a allergic reaction in some individuals. Remove contaminated clothing and wash before reuse.

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment. If no such instructions for washables, use detergent and hot water. Keep and wash personal protective equipment separately from other laundry.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move the person to fresh air. If the person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

Have the product label with you when calling a poison control center or doctor, or going for treatment.

FOR EMERGENCY MEDICAL INFORMATION, CALL TOLL-FREE 1-800-328-0026

Have the product label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *SANI-GLIDE* is specially formulated for environmental sanitation of conveyors in the dairy, beverage and food processing industries.

SANI-GLIDE contains a multiple phenolic system active as a sanitizer against gram positive and gram negative bacteria, including the pathogenic organisms *Listeria monocytogenes* and *Salmonella typhimurium*, on inanimate, non-food contact surfaces.

SANI-GLIDE provides exceptional lubricity and superior cleaning ability at high use dilutions.

SANI-GLIDE keeps conveyors free of slime and soil buildups.

For best results, spray-clean conveyors with a suitable detergent to remove soil and slime build up. Spray-apply a 1% by volume (1 1/4 ounce to 1 gallon of water) dilution of *SANI-GLIDE* in water through standard conveyor lubricant spray nozzles using a conveyor lubricant dispensing system such as the Klenzade Lubri-Klenz 260, Super Klenz-Ject or Mikro Master 300. Allow a minimum of 5 minutes contact time. No need to rinse with potable water or remove product as *SANI-GLIDE* can be continuously applied to conveyors to prevent slime and soil buildup. *SANI-GLIDE* is effective in water up to 150 ppm hardness as calcium carbonate (9 grains per gallon) at 1% by volume.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Do not store above 120 deg. F.. Keep from freezing.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PROTECT FROM FREEZING**FOR INDUSTRIAL USE ONLY**
