S O L I D S A N I - G L I D E

**Non-Food Contact Surface Sanitizer and Conveyor
Lubricant/Detergent for Conveyors in the Dairy, Beverage and Food
Processing Industries.**

Active Ingredients:
o-Phenylphenol.....7.5%
o-Benzyl-p-chlorophenol.....7.4%
Inert Ingredients.....85.1%

**ACCEPTED
WITH COMMENTS**
12/21/80 - Bulet

DEC 21 1980

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
Registration No. 1677-130
EPA Reg. No. 1677-130

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

KEEP OUT OF REACH OF CHILDREN

**DANGER: Corrosive. Causes irreversible eye damage and burns to
skin. Harmful if swallowed. Do not get in eyes, on skin or on
clothing. Wear goggles, face shield or safety glasses. Wear
protective clothing and rubber gloves. Wash thoroughly with soap
and water after handling. Remove contaminated clothing and wash
before reuse.**

**Do not store at elevated temperatures over 120°F. Do not remove
container lid until just prior to use.**

Formula contains no phosphorus.

STATEMENT OF PRACTICAL TREATMENT:

**IF ON SKIN: Wash with plenty of soap and water. Contact a
physician if irritation persists.**

**IF IN EYES: Hold eyelids open and flush with a steady, gentle
stream of water for 15 minutes. Remove Contact lenses and
continue flushing.**

**IF SWALLOWED: Drink promptly a large quantity of milk, egg white,
gelatin solution, or, if these are not available large quantities
of water. Avoid alcohol. Do not induce vomiting or give anything
by mouth to an unconscious person.**

CONTACT A POISON CONTROL CENTER OR PHYSICIAN IMMEDIATELY

FOR EMERGENCY MEDICAL INFORMATION, CALL TOLL-FREE 1-800-326-0028

**Note to Physician: Probable mucosal damage may contraindicate the
use of gastric lavage.**

DIRECTION FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SOLID SANI-GLIDE is specially formulated for environmental sanitation of conveyors in the dairy, beverage and food processing industries.

SOLID SANI-GLIDE contains a multiple phenolic system active as a sanitizer against gram positive and gram negative bacteria including the pathogenic organisms Listeria monocytogenes and Salmonella typhimurium on inanimate, non-food contact surfaces.

SOLID SANI-GLIDE provides exceptional lubricity and cleaning ability and superior foam control at high use dilutions. SOLID SANI-GLIDE keeps conveyors free of slime and soil buildups.

For best results spray-clean conveyors with a suitable detergent to remove soil and slime buildups. For Non-Food Contact Sanitizing spray-apply a 0.30% by weight (1 ounce to 2.50 gallons of water, 1:334) dilution of SOLID SANI-GLIDE in water through an ECOLAB Inc. solid lubricant dispenser such as the Solid Choice Dispensing System. Allow a minimum of 5 minutes contact time.

For heavy duty lubrication/cleaning needs spray-apply up to a 0.75% by weight (1 ounce to 1.0 gallons of water, 1:133) dilution of SOLID SANI-GLIDE in water.

No need to rinse with potable water or remove product as SOLID SANI-GLIDE can be continuously applied to conveyors to prevent slime and soil buildups.

SOLID SANI-GLIDE is effective in water up to 80 ppm hardness as calcium carbonate (4.7 grains per gallon) at 0.30% by weight.

DIRECTIONS FOR DISPENSER LOADING:

Remove container lid. Invert container over solid lubricant dispenser. Puncture bottom of container with air point tool, checking to be sure container lid has been removed. Use air point tool to push SOLID SANI-GLIDE into the solid lubricant dispenser.

The solid lubricant dispenser will automatically dissolve and feed SOLID SANI-GLIDE once the dispenser parameters have been established by your ECOLAB Inc. Representative.

STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
