

US ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF PESTICIDES PROGRAMS  
REGISTRATION DIVISION (75-767)  
WASHINGTON, DC 20460

EPA REGISTRATION NO.  
1677-134

DATE OF ISSUANCE

JUN 18 1990

**NOTICE OF PESTICIDE:**  REGISTRATION  
 REREGISTRATION  
(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT  
Assur-Ring Red

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Ecobal, Inc.  
370 Walnut Street  
Ecobal Corp.  
St. Paul, MN 55102

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is currently registered in accordance with EPA section 3(c)(7)(A) provided that you:

1. Submit and file all data required for registration/reregistration of your product under FIFRA Sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 1677-134."

b. Remove

"... as the primary, broad, and...  
to all users..."

to read

"... utilize traps, troughs, traps and  
following ..."

c. As per reference you cited (FR Section 156.24 (b. 3)(76) the preferred designation would be Ecobal, Inc., Registration Division

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ASSUR-RING RED is a water activated, time-released, solid detergent-sanitizer specifically formulated to improve environmental sanitation, control soil buildup and inhibit odors in floor drains, troughs and pits, overhead drip and collection pans; and, in drainage areas where wet conditions favor microorganism growth and cause sanitation concern.

ASSUR-RING RED has been evaluated at 0.10 oz. to 3 gallons water (120 ppm quaternary) in the presence of 5% soil contamination (whole milk or blood-serum) and in waters up to 500 ppm hardness (29.2 gpg calculated as CaCO<sub>3</sub>) by the Non-Food Contact Sanitizer Test and proven to be effective against a broad spectrum of gram negative and gram positive organisms found on environmental surfaces represented by:

- Staphylococcus aureus
- Enterobacter aerogenes
- Escherichia coli
- Pseudomonas aeruginosa
- Listeria monocytogenes
- Salmonella typhimurium

**BEST AVAILABLE COPY**

Treated surfaces must remain wet for 5 minutes.

ASSUR-RING RED has been developed for use in drains and areas that receive occasional hot or continuous water flow. To use, clean and sanitize drains, troughs, drip pans, etc. following normal plant environmental sanitation protocol. Grasp pull-tab found on upper edge of plastic container and tear away outside wall from ring exposing product and creating a convenient platform with handle. Position ring to allow maximum contact with water flow. Remove only for periodic drain cleaning and sanitizing. To insure uninterrupted treatment, position new ring when approximately one-quarter of old ring remains. Discard old platform and place remaining product onto new ring. For maximum ring exposure and direct surface contact, ring can easily be completely separated from its plastic platform after outside wall has been removed.

**SIDE (BACK) LABEL PANEL**

**STORAGE AND DISPOSAL:**

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.**

**DO NOT STORE ON SIDE OR INVERTED POSITION.**

**PESTICIDE DISPOSAL:**

**Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.**

**CONTAINER DISPOSAL:**

**Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.**
