DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ASSUR-RING BLUE is a water activated, time-released, solid detergent-sanitizer specifically formulated to improve environmental sanitation, control soil buildup and inhibit odors in floor drains, troughs and pits, overhead drip and collection pans; and, in drainage areas where wet conditions favor microorganism growth and cause sanitation concern.

ASSUR-RING BLUE has been evaluated at 0.13 oz. to 3 gallons water (120 ppm quaternary) in the presence of 5% soil contamination (whole milk or blood-serum) and in waters up to 500 ppm hardness (29.2 gpg calculated as CaCO₃) by the Non-Food Contact Sanitizer Test and proven to be effective against a broad spectrum of gram negative and gram positive organisms found on environmental surfaces represented by:

<u>Staphylococcus aureus</u> <u>Enterobacter aerogenes</u> <u>Escherichia coli</u> <u>Pseudomonas aeruginosa</u> <u>Listeria monocytogenes</u> <u>Salmonella typhimurium</u>

BEST AVAILABLE GOPY

JUN 18 1950

1677-136

Treated surfaces must remain wet for 5 minutes.

ASSUR-RING BLUE has been developed for use in drains and areas that receive cold or low water flow. To use, clean and sanitize drains, troughs, drip pans, etc. following normal plant environmental sanitation protocol. Grasp pull-tab found on upper edge of plastic container and tear away outside wall from ring exposing product and creating a convenient platform with handle. Position ring to allow maximum contact with water flow. Remove only for periodic drain cleaning and sanitizing. To insure uninterrupted treatment, position new ring when approximately one-quarter of old ring remains. Discard old platform and place remaining product onto new ring. For maximum ring exposure and direct surface contact, ring can easily be completely separated from its plastic platform after outside wall, has been removed.

YA. 5

STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

DO NOT STORE ON SIDE OR INVERTED POSITION.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
