# QUATRICIDE 45

## disinfecting detergent

cleaner / deodorizer / disinfectant /  
sanitizer / fungicide / virucide\*

### ACTIVE INGREDIENTS

n-Alkyl (C<sub>12</sub>68%, C<sub>14</sub>32%)  
dimethyl ethylbenzyl ammonium chloride 2.25%  
n-Alkyl (C<sub>12</sub>60%, C<sub>14</sub>30%, C<sub>15</sub>5%, C<sub>16</sub>5%)  
dimethyl benzyl ammonium chloride 2.25%

INERT INGREDIENTS 95.50%

Including water, compatible non-toxic surfactant,  
and synergistic builder.

EPA REG. NO. 8714-6

EPA EST. 04714-CT-1

### DANGER

#### KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food. Triple rinse empty container thoroughly with water and discard it as per directions on back panel. **FIRST AID:** In case of eye contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may counteract the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

QUATRICIDE® Heavy duty Disinfecting Detergent has been scientifically developed to meet the increasingly stringent requirements of the Veterinary Medical profession for a really effective germicidal cleaner.

QUATRICIDE's remarkable cleaning, disinfecting and deodorizing action result from a special blend of hospital-tested quaternary ammonium halides and compatible non-ionic surface active agents.

QUATRICIDE's unique combination of potent germicides kill STAPHYLOCCUS, SALMONELLAE and PSEUDOMONAS germs. QUATRICIDE is also effective against PATHOGENIC fungi TRICHOPHYTON INTERDIGITALE.

**QUATRICIDE KILLS VIRUSES TOO:** It will disinfect INFLUENZA A2, HERPES SIMPLEX, ADENOVIRUS Type 2, and VACCINA VIRUSES on inanimate environmental surfaces.

**GUARANTEED PHENOL COEFFICIENT:** S Aureus 42 min. S Typhosa, 27 min.

QUATRICIDE is recommended for cleaning, disinfecting and deodorizing in hospitals, sick rooms, schools, offices, plants, kennels, animal laboratories, runs, operating rooms and public places.

QUATRICIDE's deep cleaning action penetrates cracks and crevices to dig out grime from concrete, ceramic tile, vinyl floor covering, stainless steel - and most other surfaces encountered in professional practice.

QUATRICIDE shines as it cleans, leaves most surfaces streak free and lustrous. When used for the sanitization of food contact items A POTABLE WATER RINSE is required.

QUATRICIDE destroys odor, doesn't just mask XXXXXXXXXXXX

### DIRECTIONS

**FOR CLEANING AND DISINFECTING** floors, walls, surfaces as found in hospitals, laboratories, institutions, kennels, public rooms, homes, industrial areas, conveyances.

Dilute QUATRICIDE Disinfecting Detergent TWO OUNCES to ONE GALLON of water. Apply by mop or cloth. In instances, i.e., operating rooms where surfaces are heavily contaminated with soil and/or organic matter, apply solution twice to ensure disinfection. For maximum germicidal and detergent activity, surfaces to be treated should be wet thoroughly.

**FOR CLEANING AND SANITIZING** dilute QUATRICIDE Disinfecting Detergent ONE OUNCE to ONE GALLON of water. Apply by mop or cloth. Allow at least two minutes of contact with surfaces before rinsing.

**\*FOR VIRUCIDAL ACTION ON INANIMATE ENVIRONMENTAL SURFACES** Dilute QUATRICIDE Disinfecting Detergent TWO OUNCES to ONE GALLON of water. Allow at least ten minutes of contact with surface before rinsing.

**FOR CLEANING AND DEODORIZING** dilute QUATRICIDE Disinfecting Detergent ONE OUNCE to ONE GALLON of water.

### STORAGE & DISPOSAL

"Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance."

**Plastic Containers:** "Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in an appropriate manner in compliance with state and local authorities."

*It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.*
