Dear Mr. Brosdahl:

Subject: Correct ingredient statement
Solid Choice Plus
EPA Registration No. 1677-157
Your submission of April 5, 2000

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

a. Revise the precautions statements to read:

DANGER: Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

b. The First Aid statement should be revised in accordance with the enclosed PR-Notice 2000-3.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE: Solid concentrate may cause irreversible eye damage and skin irritation. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Contact a physician if irritation persists.

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Remove contact lenses and continue flushing. Contact a physician.

IF SWALLOWED: Drink promptly a large quantity of water. Avoid alcohol. Do not induce vomiting or give anything by mouth to an unconscious person.

CONTACT A POISON CONTROL CENTER OR PHYSICIAN IMMEDIATELY.

SOLID CHOICE PLUS is formulated for environmental sanitation of conveying systems in the Beverage, Brewery, and Food Processing Industries.

SOLID CHOICE PLUS contains a bacteriostatic multiple phenolic system which is designed to keep conveying systems clean and free of slime and odor producing microorganisms.

DIRECTION FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For best results spray or foam clean conveyors with an Ecolab recommended detergent to remove soil and slime buildups. For bacteriostatic conveyor lubrication spray-apply a 0.20% by weight (1.0 ounce to 3.75 gallons of water, 1:500) dilution of SOLID CHOICE PLUS in water through an ECOLAB Inc. solid lubricant dispenser.

For heavy duty lubrication/cleaning needs spray-apply up to a 0.75% by weight (1.0 ounce to 1.0 gallon of water, 1:133) dilution of SOLID CHOICE PLUS in water.

No need to rinse with potable water or remove product as SOLID CHOICE PLUS can be continuously applied to conveyors to prevent slim and soil buildups during production runs.

DIRECTIONS FOR DISPENSER LOADING:

Remove container lid. Invert container over solid lubricant dispenser. Puncture bottom of container with air point tool, checking to be sure the container lid has been removed. Use air point tool to push SOLID CHOICE PLUS into the solid lubricant dispenser.

STORAGE AND DISPOSAL:

DO NOT STORE ABOVE 120 DEG. F.

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
