MAY 22 2006

Subject: ECO2000-FB
EPA Reg. No. 1677-192
Your Application of May 4, 2005

Dear Ms. Salverda:

The labeling amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, As Amended (FIFRA), is acceptable, provided that you submit two copies of your final printed label incorporating the following corrections before you release the product for shipment.

1. Add the statement cited below as the last statement in the section headed Industrial, Institutional, and Commercial Buildings.

Do not use this product in homes, apartment buildings or any other residential structures.

2. Qualify the "storage" use site listed on the label by adding "areas" so that it reads as follows. "storage areas".

3. Correct the use site "mops closets" to "mop closets".

4. Add the word "these" between "in" and "buildings" in the second sentence in the section headed Industrial, Institutional, and Commercial Buildings so that it reads as follows: "For use in these buildings _____".

If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended label constitutes acceptance of this condition.

A stamped copy of the label is enclosed for your records.

The subject product registration may be subject to additional label corrections and/or data requirements upon completion of the Agency's review and evaluation of your response to the acceptable Interim Reregistration Eligibility Decision (IREED) and the accompanying Data Call-In (DCI).

Sincerely,

A handwritten signature in cursive script that reads "Marilyn A. Mautz".

ECO2000-FB

FOR CONTROL OF: Cockroaches

FOR USE IN: Industrial, Institutional, and Commercial Buildings.

For Use only by Professional Applicators
Do Not Apply to Residential Sites

ACTIVE INGREDIENT:

Acephate (O,S-dimethyl acetylphosphoramidothioate) 97.4%

INERT INGREDIENTS:..... 2.6%

TOTAL: 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

DO NOT REMOVE PACKAGES FROM OUTER CONTAINER
EXCEPT FOR IMMEDIATE USE

ACCEPTED
with COMMENTS
in EPA Letter Dated
MAY 22 2005
under the Federal Insecticide,
Fungicide, and Rodenticide Act
registered for the pesticide
category under EPA Reg. No.
1677-192

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through the skin.

Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Do not apply to areas accessible to children or pets.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move the person to fresh air. If the person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

Have the product label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Acephate is a cholinesterase inhibitor. If signs and symptoms of cholinesterase inhibition appear, atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine but should not be used alone.

Worker Safety

USE ONLY WHEN WEARING THE FOLLOWING PROTECTIVE CLOTHING AND EQUIPMENT DURING MIXING/LOADING, APPLICATION, AND, DISPOSAL OF THE PESTICIDE: Chemical-resistant gloves, long-sleeved shirt, long-legged pants, shoes and socks.

Work Safety:

Always wash hands, face, and arms with soap and water before smoking, eating, drinking or using the toilet.

After Work:

Before removing gloves, wash them with soap and water. Do not wear contaminated clothing. Personal and protective clothing worn during work must be laundered separately from household articles. Store protective clothing separately from personal clothing. Clean or launder protective clothing after each use.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Not for re-sale. To prepare 1% insecticidal bait, open one ECO2000-FB vial and add (25) or (30) ml water. Replace cover and shake until ECO2000-FB is dissolved. Add vial contents to one packet of Bait Base, close packet and thoroughly mix by shaking. Insecticidal bait is now prepared. Pour the prepared insecticidal bait into an ECO2000-FB dispensing cartridge, cover and let set for 20 minutes. If left unattended during the 20 minute period, store in a secure or locked area. Place the prepared ECO2000-FB dispensing cartridge in a bait applicator and apply pea-sized or small portions of bait behind and under stoves, ovens, refrigerators and freezers, dishwashers and sinks. Reapply as necessary. Remove any deposits of bait from exposed surfaces. Do not use the ECO2000-FB dispensing cartridge for any purpose other than as instructed on the label. Store any unused bait in a secure or locked area.

INDUSTRIAL, INSTITUTIONAL, AND COMMERCIAL BUILDINGS:

For use indoor in the specified areas of these buildings, except in areas occupied by children. For use in buildings that include establishments such as health care facilities, office buildings, retail and wholesale establishments, restaurants, food processing facilities, manufacturing facilities, and food and feed handling establishments.

Non-Food Areas of Industrial, Institutional, and Commercial Buildings:

Includes garbage rooms, rest rooms, laboratories, offices, locker rooms, boiler and equipment rooms, garages, mops closets and storage within listed facilities. Apply to

cracks and crevices around baseboards, around water and drain pipes, underneath and behind sinks, lockers, tables and similar areas where insects may hide.

Food Areas Limited to Spot and Crack and Crevice Treatments Only:

Includes areas where food or feed is received, stored, prepared, served, packaged, handled in an enclosed system and where edible waste is stored. Apply prepared bait directly into cracks and crevices, where equipment meets floors and walls; equipment and counter legs; bases, motors and conduits; holes and openings leading to wall voids where insects hide. Avoid contamination of feed and foodstuffs and exposed surfaces where food is prepared, processed and served.

Food Serving Areas of Industrial, Institutional, and Commercial Buildings:

Includes dining rooms, mess halls and other areas where prepared food is served. Apply pea-sized or smaller placements to selected surfaces such as baseboards, underneath booths and into cracks and crevices. Avoid contamination of exposed surfaces where food contact can occur.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep pesticide in original container. Store in a secured cool and dry place. Protect from excessive heat. Do not store or transport near feed or food.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty ECO2000-FB glass vial, Bait Base packet or ECO2000-FB dispensing cartridge. Wrap and put in trash.
