AUG 14 2014

Subject: PRIA (D-489113)  
Bath & Tile Disinfecting Cleaner  
EPA Registration No. 1677-235  
Application Dated: March 12, 2014  
Receipt Dated: March 18, 2014

Dear Ms. McKeehan:

This acknowledges the receipt of your Amendment application dated March 12, 2014 in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended.

**Submission and Proposed Changes**

Amend to shorten the efficacy contact time to 3 minutes for *Pseudomonas aeruginosa* when used in spray application. In addition, minor label changes and removing redundant verbiage for improved readability. The original submitted proposed label dated 3/12/2014 (pin punch 12/12/13) and updated on 07/15/14 (pin punch 07/22/14).

**Comments and Conditions:**

Based on the submitted materials, the amended label updated on 07/15/2014 (pin punch 07/22/14) is **acceptable**.

A stamped accepted copy of the label is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

**A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and it's implementing regulation at 40 CFR 152.3.**

This latest amended label and a copy of this letter have been inserted in your file for future reference.

If you have any questions or comments concerning this letter, please contact David Liem by email at [liem.david@epa.gov](mailto:liem.david@epa.gov) or call (703) 305-1284.

Sincerely,

Demson Fuller

Att: Accepted stamped label

# Bath & Tile Disinfecting Cleaner

**Disinfectant / Cleaner / Bactericide/ Virucide\*/ Fungicide\*\***  
**Institutions – Schools – Daycares - Restaurants - Food Service - Beverage and**  
**Food Processing Plants - Veterinary and Industrial Use – Hospitals - Hospices**

**Active Ingredients:**

Sodium Hypochlorite ..... 2.15%

**Other Ingredients:** ..... 97.85%

**Total:** ..... 100.00%

Available Chlorine: 2.05%

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

**PRECAUTIONARY STATEMENTS**

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**PHYSICAL OR CHEMICAL HAZARDS**

Mixing this product with acid or ammonia will release chlorine gas.

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for in for treatment.

**EMERGENCY HEALTH INFORMATION:** 1-866-897-8061 (Outside United States and Canada)  
**CALL:** 1-952-852-4656 (in USA)

See (side) (back) panel for additional precautionary statements

**Bath & Tile Disinfecting Cleaner** is a Disinfectant and Cleaner. It is effective for the removal of soap scum.

**Bath & Tile Disinfecting Cleaner** is for use in bathrooms, shower rooms and spas for disinfecting and cleaning walls, floors, tubs, showers, and other hard non-porous environmental surfaces such as countertops, sinks, exterior surfaces of toilets, non-food contact surfaces of coolers, glazed tile, linoleum, plastic (such as polyethylene, polypropylene, polyvinylchloride), glazed porcelain, stainless steel and glass. Non-abrasive; won't scratch. Not for use on PVD coated fixtures and finishes or soft metals.

**Areas of Use:** daycares, schools and colleges, veterinary clinics and animal life science laboratories, industrial facilities, dietary areas, beverage and food processing plants, restaurants, hotels, motels, office buildings, recreational facilities, medical facilities, hospitals, kitchens, nursing homes, assisted living facilities, medical and dental offices, retail and wholesale establishments.

Before use in a food/beverage handling and/or processing plant food products and packaging materials must be removed from the room or carefully protected.

Avoid contact with clothing, fabrics, wood, rubber, and painted surfaces. To avoid the possibility of discoloration, avoid prolonged contact with metal, old porcelain or worn plastic laminates.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical devices prior to sterilization or high-level disinfection.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**CLEANING, DEODORIZING, STAIN REMOVAL:**

For deodorizing spray [directly] onto surface and allow remaining wet for 30 seconds. [Wipe clean.] [Allow to air dry.] For cleaning and stain removal spray onto surface and allow product to penetrate tough stains and soil. Wipe with a wet sponge or cloth and rinse with water. [No scrubbing required.] For tougher jobs, spray and let product stand on surface for several minutes before wiping.

**SPORICIDAL:** **Bath & Tile Disinfecting Cleaner** kills and/or inactivates spores of *Clostridium difficile* on hard, non-porous surfaces. Apply with a coarse trigger sprayer, cloth, mop, brush, scrubber, or by soaking to thoroughly wet surface. Effective against *Clostridium difficile* endospores after a 3 minute exposure time according to the Quantitative Sporicidal Three Step Method.

**Special Label Instructions for Cleaning Prior to Disinfection against *Clostridium difficile* spores**

**Personal Protection:** Wear appropriate barrier protection such as gloves, gowns, masks or eye covering.

Bath & Tile Disinfecting Cleaner  
EPA Reg. No. 1677-235  
EPA draft dated 3/12/14

**Cleaning Procedure:** Fecal matter/waste must be thoroughly cleaned from surfaces/objects before disinfection by application with a clean cloth, mop, and/or sponge saturated with the disinfectant product. Cleaning is to include vigorous wiping and/or scrubbing, until all visible soil is removed. Special attention is needed for high-touch surfaces. Surfaces in patient rooms are to be cleaned in an appropriate manner, such as from right to left or left to right, on horizontal surfaces, and top to bottom, on vertical surfaces, to minimize spreading of the spores. Restrooms are to be cleaned last. Do not reuse soiled cloths.

**Infectious Materials Disposal:** Materials used in the cleaning process that may contain feces/wastes are to be disposed of immediately in accordance with local regulations for infectious materials disposal.

**BACTERICIDAL DISINFECTION** in 5 minutes at full strength when applied by cloth, mop, brush, scrubber or by soaking against the following pathogenic bacteria according to the AOAC Use-Dilution Test modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum).

*Acinetobacter baumannii* MDR (Gentamicin – Ceftazidime - Imipenem) (ATCC BAA 1605) , *Enterobacter aerogenes* (ATCC 13048), *Enterococcus faecalis* (VRE) (ATCC 51299) *Enterococcus faecium* (VRE) (ATCC 51559), *Escherichia coli* (O157:H7)(ATCC 43895), *Escherichia coli* (ATCC 11229), *Listeria monocytogenes* (ATCC 7644), *Salmonella enterica* (ATCC 10708), *Shigella dysenteriae* (ATCC 29026), *Staphylococcus aureus* (MRSA)(ATCC 33592), *Streptococcus pneumonia* (ATCC 6303), *Streptococcus pyogenes* (ATCC 19615), *Staphylococcus aureus* (ATCC 6538).

**BACTERICIDAL HOSPITAL DISINFECTION** in 10 minutes at full strength when applied by cloth, mop, brush, scrubber or by soaking against the following pathogenic bacteria according to the AOAC Use-Dilution Test modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum).

*Pseudomonas aeruginosa* (ATCC 15422)

**For (hospital) disinfection of floors** against *Pseudomonas aeruginosa* (ATCC 15442), *Staphylococcus aureus* (ATCC 6538), and *Salmonella enterica* (ATCC 10708) use at 128 ounces per gallon of water (1:1) or 1 gallon of product per gallon of water and allow to remain wet for 10 minutes. Pre-clean floor prior to disinfecting with a 1:1 dilution of this product.

**For disinfection and cleaning of hard non-porous, non-food contact surfaces** use at full strength. Apply solution with a wet cloth, mop, brush, scrubber, or by soaking. Allow to remain wet for 5 minutes. Allow to remain wet for 10 minutes in order to kill *Pseudomonas aeruginosa* (ATCC 15442). For heavily soiled areas, a pre-cleaning step is required. Rinsing is not necessary on non-food contact surfaces. Do not use this product to clean or disinfect glassware, dishes or silverware.

**For hospital disinfection and cleaning of hard non-porous, non-food contact surfaces** use at full strength. Apply solution with a wet cloth, mop, brush, scrubber, or by soaking. Allow to remain wet for 10 minutes in order to kill *Pseudomonas aeruginosa* (ATCC 15442). For heavily soiled areas, a pre-cleaning step is required. Rinsing is not necessary on non-food contact surfaces. Do not use this product to clean or disinfect glassware, dishes or silverware.

**\*\*FUNGICIDAL** in 5 minutes at full strength when applied to hard, non-food contact surfaces by cloth, mop, brush, scrubber, or by soaking against *Aspergillus niger* (ATCC 6275) according to the AOAC Fungicidal Test modified in the presence of 0.005% sodium stearate (soap scum) and 5% blood serum, and against *Trichophyton mentagrophytes* (ATCC 9533) according to the AOAC Fungicidal Test modified in the presence of 0.005% sodium stearate (soap scum). The product can be used on surfaces in locker rooms, dressing rooms, shower and bath areas and exercise facilities.

**\*VIRUCIDAL** in 1 minute at full strength when applied to hard, non-food contact surfaces by cloth, mop, brush, scrubber or by soaking against Poliovirus Type 1 (ATCC VR-1562), RSV (Respiratory syncytial virus)(ATCC VR-26), Influenza A virus Hong Kong Strain (ATCC VR-544), HSV-1 (Herpes simplex virus –type 1)(ATCC VR-733) and Rhinovirus type 37 (ATCC VR-1147) according to the Virucidal Qualification Test, modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum).

**Spray Applications:**

**BACTERICIDAL DISINFECTION** in 30 seconds at full strength when applied to hard, non-food contact surfaces by spray application against the following pathogenic bacteria according to the AOAC Germicidal Spray Test modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum). To disinfect [and] [clean] hard, non-porous surfaces spray 6-8 inches from surface until thoroughly wet. [Rinse or wipe clean.] [Allow to air dry.]

*Acinetobacter baumannii* –MDR (ATCC BAA-1605), *Enterobacter aerogenes* (ATCC 13048), *Enterococcus faecium* – VRE (ATCC 51559), *Escherichia coli* (ATCC 11229), *Escherichia coli* O157:H7 (ATCC 43895), *Listeria monocytogenes* (ATCC 7644), *Salmonella enterica* (ATCC 10708), *Shigella dysenteriae* (ATCC 29026), *Staphylococcus aureus* (ATCC 6538), *Staphylococcus aureus* (MRSA)(ATCC 33592), *Streptococcus pyogenes* (ATCC 19615).

**BACTERICIDAL HOSPITAL DISINFECTION** in 3 minutes at full strength when applied to hard, non-food contact surfaces by spray application against *Pseudomonas aeruginosa* (ATCC 15442), according to the AOAC Germicidal Spray Test modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum). To disinfect [and] [clean] hard, non-porous surfaces spray 6-8 inches from surface until thoroughly wet. [Rinse or wipe clean.] [Allow to air dry.]

**\*\*FUNGICIDAL** in 5 minutes at full strength when applied to hard, non-food contact surfaces by spray application against *Aspergillus niger* (ATCC 6275) according to the AOAC Fungicidal Test modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum). The product can be used on surfaces in locker rooms, dressing rooms, shower and bath areas and exercise facilities.

To [clean and] kill fungi on [hard, non-porous] surfaces: Spray 6-8 inches from surface until thoroughly wet. Let stand for 5 minutes. [Rinse or wipe clean.] [Allow to air dry.] – or – Spray 6-8 inches from surface thoroughly wetting surface. Let stand 5 minutes. Wipe with a wet sponge or cloth and rinse with water.

**\*VIRUCIDAL** in 1 minute at full strength when applied to hard, non-food contact surfaces by spray application against Poliovirus Type 1 (ATCC VR-1562), RSV (Respiratory syncytial virus)(ATCC VR-26), Influenza A virus Hong/Kong Strain (ATCC VR-544), HSV-1 (Herpes simplex virus –type 1)(ATCC VR-733) and Rhinovirus type 37 (ATCC VR-1147) according to

the Virucidal Qualification Test, modified in the presence of 5% blood serum and 0.005% sodium stearate (soap scum).

To [clean and] kill viruses on [hard, non-porous] surfaces: Spray 6-8 inches from surface until thoroughly wet. Let stand for 1 minute. [Rinse or wipe clean.] [Allow to air dry.]

**VETERINARY CLINICS**

For cleaning and disinfecting hard nonporous surfaces: cages, kennels, instruments, utensils, crates, equipment used for feeding and watering animals. Remove all animals and feeds from premises, animal transportation vehicles, cages, kennels, crates, etc. Remove all litter, droppings, and manure from floors, walls, and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with cloth, mop, brush, scrubber, or by soaking. Allow surfaces to remain wet for 5 minutes. Allow to remain wet for 10 minutes to kill *Pseudomonas aeruginosa*. Allow to air dry or wipe. Immerse all handling and restraining equipment as well as forks, shovels, and scrapers used to remove litter and manure. Rinse equipment used for feeding and watering animals with potable water. Ventilate buildings, animal enclosures, and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried.

### Optional Marketing Language

[Bracketed information is optional text.]

Makes 2 gallons of use solution when diluted according to label directions.

#### Claims (for cleaning, stain removal):

- Bleaches away stains
- Brightens
- Cleans everyday kitchen dirt, grease and food stains
- Cleans tough messes
- Cuts through [tough] grease and grime
- Degreaser
- Degreases
- Has a clean, fresh scent
- Eliminates odors caused by [bacteria] [mildew\*\*]
- [Eliminates] [Cleans] tough stains
- Leaves [kitchen(s)] [bathroom(s)] [restroom(s)] [surfaces] [clean and] sanitary
- One-step cleaner. Surfaces must be pre-cleaned when the product is used to treat against Clostridium difficile and Trichophyton menatgrophytes, and as a floor disinfectant.
- Removes food stains
- Removes odors
- Removes – and/or – cleans – and/or- cuts through –and/or – [tough] stains
  - bathroom [restroom] dirt – and/or – stains
  - food – and/or- juice – and/or- coffee – and/or- tea stains
  - grime
  - soap scum
  - [tough] – and/or- [greasy] – and/or- [kitchen] dirt – and/or – soil(s)
- Removes stains without scrubbing
- Wipes out stains in kitchen(s) and bath(s)
- Removes stubborn [mildew\*\*] [and] [hard water] stains [and] [soap scum]
- Multi-surface cleaner
- No scrubbing required.

#### Claims (for Disinfection)

- 3 in 1: Cleans, disinfects, removes stains
- Antibacterial [action]
- Antibacterial cleaner
- Bacteria-fighting – or – Germ\*-fighting formula
- Bactericide – or – Bactericidal
- Restroom – and/or- Bathroom disinfectant
- Broad spectrum disinfectant [cleaner]
- Can reduce the spread of germs\* [on hard, nonporous surfaces]
- Cleans and disinfects
- Cleans –and/or—Disinfects [tubs], [toilets] [&] [and] [tile]
- Cleaner and disinfectant in one
- Cleans –and/or- disinfects [bathroom] [school] [classroom] [restroom] [kitchen] [home] [household] [office] [ work – or- office [place] [environment]] [place]

Bath & Tile Disinfecting Cleaner  
 EPA Reg. No. 1677-235  
 EPA draft dated 3/12/14

- Disinfecting bleach cleaner
- Disinfects
- Disinfects by killing common [household] germs\* and controlling their odors
- Disinfects as it cleans
- Disinfects as it kills bacteria
- Disinfects nonporous [hard] surfaces
- Easily [cleans] [disinfects]
- [Effective] [bathroom – and/or-restroom-and/or-kitchen-and-or-household-and/or-office-and/or-workplace] disinfectant –and/or-cleaner
- [Effective] disinfectant [in presence of 5% serum load – or- organic soil]
- Germicide\* – or- Germicidal\*
- Hospital [and home] disinfectant
- Institutional disinfectant
- Kills cold and flu virus\*
- Kills germs\* while it cleans
- Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu)\*.
- Kills Pandemic 2009 H1N1 influenza A virus\*.
- One-step cleaner [and disinfectant]
- Surfaces must be pre-cleaned when the product is used to treat against *Clostridium difficile* or *Trichophyton menatgrophytes*, or as a floor disinfectant..
- Removes stains and disinfects
- This [cleaner] [disinfectant] combines cleaning and disinfecting [in one product]
- This product is a cleaner disinfectant which combines cleaning, disinfecting and stain removal in one product
- [This product] The power to clean [tough] [bathroom –and/or- restroom –and/or- school – and/or- classroom –and/or- kitchen –and/or- household – and/or- office –and/or- workplace] [grime] [dirt] [soils] and kill bathroom germs\* –and/or- bacteria
- Virucide\* –or- Virucidal\* [*Claim to be qualified with at least one of the viruses shown in Tables A and/or B above*]

Claims (Fungicidal, Sporicidal)

- Kills mold and mildew\*\*
- Kills [Eliminates] Athlete's Foot Fungus\*\*
- Mildewcidal –or- Mildewcide
- Fungicidal\*\* –or- Fungicide\*\*
- Removes –and/or- cleans –and/or- bleaches out –and/or – cuts through –and/or- tough on mold\*\* –and/or mildew\*\*
- Removes –and/or- bleaches out mold and mildew stains\*\*
- Antifungal

Claims (General)

- New [and –or- Improved] [!] **to be used for first 6 months only**
- [Easily] [Effectively] Removes soap scum and mildew stains
- [Removes] [Eliminates] [Attacks] [Gets rid of] [Melts away] tough [soap scum] [[bathroom –and/or- restroom –and/or- kitchen – and/or- household –and/or- office –and/or- workplace] [dirt] [soils] [grime]] [!]
- Ready to use
- Makes 4 spray bottles

Bath & Tile Disinfecting Cleaner  
EPA Reg. No. 1677-235  
EPA draft dated 3/12/14

- Tough on [soap scum – and/or – mildew stains –and/or- grease]
- Cleans [and disinfects] hard, non-porous surfaces in kitchens, [bathrooms], [restrooms], fitness centers, schools, day cares, offices

**USE LOCATIONS:** [Where to use this product] [For use around –or- in –or- throughout the]

- Bars
- Clubs
- Bathroom[s]
- Bed & Breakfast[s]
- Business[es]
- Commercial Kitchen[s]
- Commercial [facilities] [restrooms]
- Construction site[s]
- Daycare Center[s]
- [Dental –and/or- Medical] Office[s]
- [Dentist’s –or- Doctor’s –or- Physician’s] Office[s]
- Schools –and/or- Universities
- Fitness Center[s]
- Health Club[s]
- Hospital[s]
- Hotel[s]
- Institutions
- Institutional Kitchen[s]
- Kitchen[s]
- Laundromat[s]
- Locker Room[s]
- Motel[s]
- Office
- Patio – and/or- Porch
- Playground Equipment
- Recreational Center[s] –or- Facility [Facilities]
- Restaurants
- [Public] Restroom[s]
- Veterinary Clinic[s]
- Worksite[s]

**USE SITES:** [Use] On [hard,] [nonporous surfaces] [the product will not damage]

- Appliance[s] [exteriors]
- [Washable] Walls
- [Bath] Tubs
- Bathroom – and/or—Restroom fixtures
- Chairs
- Countertops
- [Classroom] Desks
- Diaper Changing Table[s]
- Diaper Pail[s]
- Door knobs – and/or - handles
