Washington, D.C. 20460</p> <p style="text-align: center;">NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration (under FIFRA, as amended)</p>	<p>EPA Reg. Number:</p> <p>1677-273</p>	<p>Date of Issuance:</p> <p>7/2/21</p>
	<p>Term of Issuance:</p> <p>Unconditional</p>	
	<p>Name of Pesticide Product:</p> <p>Multi Purpose Plus Disinfectant Cleaner RTU</p>	
<p>Name and Address of Registrant (include ZIP Code):</p> <p>Attn: Marne Rasinen Ecolab Inc 1 Ecolab Place St. Paul, MN 55102</p>		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data. 2. Make the following label changes before you release the product for shipment: <ul style="list-style-type: none"> • Revise the EPA Registration Number to read, "EPA Reg. No. 1677-273." 3. Submit one copy of the revised final printed label for the record before you release the product for shipment. 		
<p>Signature of Approving Official:</p>  <p>Jacqueline Hardy, Chief Regulatory Management Branch II Antimicrobials Division (7510P)</p>	<p>Date:</p> <p>7/2/21</p>	

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Because you have opted to add statements pertaining to emerging viral pathogens to your label as described in the August 19, 2016, Guidance To Registrants: Process For Making Claims Against Emerging Viral Pathogens Not On EPA-Registered Disinfectant Labels (“Guidance”), https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf, you are subject to the following additional terms of registration:

1. You may make statements pertaining to emerging viral pathogens only through the following communications outlets: technical literature distributed exclusively to health care facilities, physicians, nurses and public health officials, "1-800" consumer information services, social media sites and company websites (non-label related). These statements shall not appear on marketed (final print) product labels.
2. Your statements pertaining to emerging viral pathogens must adhere to the format approved on the Agency-accepted master label.
3. You may make statements pertaining to emerging viral pathogens only upon a disease outbreak that meets all the following criteria:
 - a. The causative organism must be a virus that causes an infectious disease that has appeared in a human or animal population in the U.S. for the first time, or that may have existed previously but is rapidly increasing in incidence or geographic range.
 - i. For human disease, the outbreak is listed in one of the following Centers for Disease Control (CDC) publications:
 - A. CDC Current Outbreak List for “U.S. Based Outbreaks” (www.cdc.gov/outbreaks),
 - B. CDC Current Outbreak List for “Outbreaks Affecting International Travelers” with an “Alert” or “Advisory” classification (www.cdc.gov/outbreaks) (also released through the CDC’s Health Alert Network (HAN) notification process)
 - C. Healthcare-Associated Infections (HAIs) Outbreaks and Patient Notifications page (www.cdc.gov/hai/outbreaks)
 - ii. For animal disease, the outbreak is identified as an infectious disease outbreak in animals within the U.S. on the World Organization for Animal Health (OIE) Weekly Disease Information page (www.oie.int/wahis_2/public/wahid.php/Diseaseinformation/WI).
 - A. The CDC or OIE has identified the taxonomy, including the viral family and/or species, of the pathogen and provides notice to the public of the identity of the emerging virus that is responsible for an infectious disease outbreak. Based on the taxonomy of the outbreak pathogen identified by the CDC or OEI, the pathogen's viral subgroup is small non-enveloped, large nonenveloped, enveloped.

B. The virus can be transmitted via environmental surfaces (non-vector transmission), and environmental surface disinfection has been recommended by the CDC, OIE or EPA to control the spread of the pathogen.

4. You may begin communicating statements pertaining to emerging viral pathogens only upon CDC or OIE's publication per term B.3.a. of an outbreak of an emerging viral pathogen meeting all of the criteria of term B.3. You must cease and remove all such non-label communications intended for consumers no later than 24 months after the original publication of the outbreak per term B.3.a., unless the Agency issue written guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the master label.
5. Terms 1 through 4 above shall become immediately void and ineffective if registration for use against Norovirus, [Feline Calicivirus, F-9 strain (ATCC VR-782)], and Human Rhinovirus 37, Strain 151-1 (ATCC VR-1607) is suspended or cancelled or no longer meets the criteria for a disinfectant claim (see EPA Product Performance Test Guideline 810.2200). In addition, terms B.1 through B.4 above shall become immediately void and ineffective upon your receipt of evidence of ineffectiveness against any pathogen in a less-resistant Spaulding category.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 3/31/2021
- Alternate Formulation #1 dated 3/31/2021
- Alternate Formulation #2 dated 3/31/2021
- Alternate Formulation #3 dated 3/31/2021

In addition, the two alternate brand names have been added to the product record:

- Rapid Multi Surface Disinfectant Cleaner RTU
- Multi-Surface Cleaner and Disinfectant RTU

Enclosure: Stamped Label

Multi Purpose Plus Disinfectant Cleaner RTU

[All-in-one][3-in-1][4-in-1][Multi-surface disinfectant] [Sanitizer][Cleaner][Virucidal*],[Bactericidal], [Hospital use disinfectant], [Soft Surface Sanitizer], [Deodorizer], [Odor counteractant], [Odor neutralizer], [Floor cleaner],[Non-dulling to floors][floor finishes]][cleans, disinfects, and deodorizes]

For [Hospital][Healthcare][Commercial][Institutional][Industrial][Animal Health][Facilities][use][only]

ACTIVE INGREDIENTS:

Dodecylbenzenesulfonic Acid.....0.47%

OTHER INGREDIENTS:99.53%

TOTAL:100.0%

KEEP OUT OF REACH OF CHILDREN

ACCEPTED

7/02/2021

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 1677-273

CAUTION

[See [back], [side], [inside], [front] [inner], [other] [fold-out] [booklet] [hang tag] [product container] [label[s]] [panel[s]] [container] for [complete] [additional] [information] [precautionary statements,] [and] [first aid,] [and] [directions for use,] [and] [storage and disposal] [container handling and disposal]]

[Pull tab at label corner to see additional directions for use.]

[Please [refer to] [see] reference sheet for [additional] [directions for use] [information]].

[Note to Reviewer: Language in [] or () is considered optional or interchangeable.]

CIUDADO: Si no puede leer en inglés, pregunte a su supervisor sobre las instrucciones de uso apropiadas antes de trabajar con este producto.

(CAUTION: If you cannot read English, ask your supervisor for the appropriate instructions before handling this product.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

(FOR) EMERGENCY (MEDICAL) INFORMATION CALL (TOLL-FREE: (1-800-328-0026), OUTSIDE NORTH AMERICA, CALL 1-651-222-5352)

((Medical Emergency:)) (TOLL-FREE:)) (1-) 877-231-2615, or call collect 0 (952) 853-1713)

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

(Note to Reviewer: For containers of 5 gallons or more, the following Environmental Hazards language will appear on the final product label.)

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing the product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product in your sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use as a [Daily][All-][Multi-] Surface [and Glass] Cleaner [and Deodorizer]:

Apply [this product] [insert product name] with a cloth, disposable wipe, sponge, brush, scrubber, mop, [trigger] sprayer [device] or by immersion to wet hard or soft surfaces. Allow to air dry or remove solution with a wipe, mop, cloth, sponge, squeegee, or vacuum pickup. Rinsing is not necessary on non-food contact surfaces. Rinse food contact surfaces with potable water prior to reuse. Do not use this product to clean glassware, dishes, or silverware.

[For] [1-Step] [One-Step] [Cleaning and] Sanitizing [for] Hard, Non-Porous, Non-Food Contact Surfaces†:

-or-

To [Clean and] Sanitize Hard, Non-Porous, Non-Food Contact Surfaces† [in 1 Step] [In One Step] [in the presence of 5% organic soil load]:

To [clean and] sanitize, apply [this product] [insert product name] to the [hard, non-porous] surface [by] [pouring], [squirting], [or] [with a] [cloth,] [disposable wipe,] [sponge,] [brush,] [scrubber,] [mop,] [trigger] [electrostatic] sprayer [device] [or by immersion], wetting the surface. For spray application, spray 6-8 inches from the surface. [Rub [wet surface] with clean brush, sponge or cloth]. Allow surface to remain wet for 3 minutes. Allow to air dry or remove solution with a wipe, mop, cloth, sponge, squeegee, or vacuum pickup. [No [water] rinse required]. [A water rinse is not required]. Visibly soiled surfaces [must] [should] be pre-cleaned [with this product] prior to sanitizing.

Non-Food Contact Surface Sanitizing Application: Soak or Spray		
Bacteria	ATCC Strain	Contact Time
<i>Staphylococcus aureus</i>	ATCC 6538	3 min[utes]
<i>Klebsiella aerogenes</i>	ATCC 13048	3 min[utes]

[For] [1-Step] [One-Step] [Spot] [Cleaning and] Sanitizing [and Deodorizing] [for] Soft Surfaces‡:

-or-

To [Clean] [Deodorize] [and] Sanitize Soft Surfaces‡ [In 1 Step] [In One Step] [in the presence of 5% organic soil load]:

Spot treat by spraying 6-8 inches from the surface until fabric is wet. Allow surface to remain wet for 5 minutes. Allow [fabric] [soft surface] to air dry, or remove solution with a wipe, mop, cloth, sponge, squeegee, or vacuum pickup. Visibly soiled areas must be cleaned prior to sanitizing. [Not recommended for use on white or light-colored fabric.] Spot-test in an inconspicuous location before application.

Soft Surface Sanitizing – Natural and Synthetic Fabric Application: Spray		
Bacteria	ATCC Strain	Contact Time
<i>Staphylococcus aureus</i>	ATCC 6538	5 min[utes]
<i>Klebsiella aerogenes</i>	ATCC 13048	5 min[utes]

TO [CLEAN AND] DISINFECT AND FOR USE AS A VIRUCIDE ON HARD, NON-POROUS NON-FOOD CONTACT SURFACES [IN 1-STEP] [IN ONE-STEP] (using spray applications):

Apply [this product] [insert product name] to surface by [hand pump] [coarse] [trigger][pressurized] [sprayer] [6-8 inches from surface] to wet the surface. Allow surface to remain wet for the contact time indicated in the table below. Air dry or remove solution with a wipe, mop, cloth, sponge, squeegee, or vacuum pickup. (No (water) rinse required on non-food contact surfaces). Visibly soiled areas must be cleaned prior to disinfection. Do not use on glassware, dishes, or silverware.

Hard, Non-Porous Surface Disinfection [by Spray Application]		
Application: Spray		
Bacteria	ATCC Strain	Contact Time
<i>Staphylococcus aureus</i>	ATCC 6538	3 min[utes]
<i>Pseudomonas aeruginosa</i>	ATCC 15442	3 min[utes]
<i>Salmonella enterica</i> <i>subspecies enterica serovar Typhi</i>	ATCC 6539	3 min[utes]
<i>Proteus mirabilis</i>	ATCC 7002	3 min[utes]
<i>Bordetella bronchiseptica</i>	ATCC 10580	5 min[utes]
<i>Bordetella pertussis</i>	ATCC12743	5 min[utes]
<i>Klebsiella pneumoniae</i>	ATCC 4352	5 min[utes]
<i>Klebsiella aerogenes</i>	ATCC 13048	5 min[utes]
<i>Serratia marcescens</i>	ATCC 14756	5 min[utes]
<i>Shigella dysenteriae</i>	ATCC 29026	5 min[utes]
<i>Enterococcus faecalis</i> [Vancomycin resistant [VRE]]	ATCC 51299	5 min[utes]
<i>Klebsiella pneumoniae</i> [Carbapenemase producer or Carbapenem-resistant] [KPC]	ATCC BAA-1705	5 min[utes]

TO [CLEAN AND] DISINFECT AND FOR USE AS A VIRUCIDE ON HARD, NON-POROUS NON-FOOD CONTACT SURFACES (using soak applications):

Surfaces must be pre-cleaned [with] [this product] [or] [a suitable cleaner] prior to disinfecting. To disinfect, apply [this product] [insert product name] to the surface [by] [pouring], [squirting], [or] [with a] [cloth,] [disposable wipe,] [sponge,] [brush,] [scrubber,] [mop,] or sprayer [device], wetting the surface. Allow surface to remain wet for the contact time indicated in the table below. Allow to air dry or remove solution with a wipe, mop, cloth, sponge, squeegee, or vacuum pickup. (No (water) rinse required on non-food contact surfaces).

Hard, Non-Porous Surface Disinfection Application: Soak or spray		
Bacteria	ATCC Strain	Contact Time
<i>Staphylococcus aureus</i>	ATCC 6538	10 min[utes]**
<i>Pseudomonas aeruginosa</i>	ATCC 15442	10 min[utes]**
Viruses*	ATCC Strain	Contact Time
*Influenza A [H1N1]]	ATCC VR-1469	30 sec[onds]
*Norovirus [Feline Calicivirus Surrogate] [FCV] [Norwalk]	ATCC VR-782	30 sec[onds]
*Rhinovirus Type 37 [common cold]	ATCC VR-1607	30 sec[onds]
*SARS-CoV-2 virus [*SARS-Related Coronavirus 2]	USA-WA 1/2020	30 sec[onds]

** A 10-minute contact time is not applicable for electrostatic sprayers; a 3-minute contact time must be used.

GENERAL DIRECTIONS FOR USE WITH ELECTROSTATIC SPRAYING

Remove by-standers and pets from the area to be treated. Do not use for treatment of humans, air, or for fumigation. Spray droplet particle size should be set to a limit median diameter of $\geq 40\mu\text{m}$. Use N95 filtering facepiece respirators or half face respirators with N95 filters. Plan the spray routine to minimize unnecessary exposure to treated areas [for example, begin applying product in the back of the room/area and work towards the front of the room/area]. Place the electrostatic spray function in the ON position for electrostatic spray models that have the functionality to toggle ON/OFF.

FOR USE AS A [MULTI SURFACE] [ONE-STEP] CLEANER, DISINFECTANT, AND VIRUCIDE BY ELECTROSTATIC SPRAYING

To disinfect hard, non-porous surfaces, apply use solution with electrostatic sprayer. Spray approximately 6 to 12 inches from the surfaces; making sure to wet surfaces thoroughly. All surfaces must remain wet for the required contact time indicated in the hard surface disinfection table, reapplying if necessary. Wipe or let air dry. For visibly soiled areas, pre-cleaning is required. When using on food contact surfaces, thoroughly rinse all treated surfaces with potable water.

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST *HIV-1, *HBV, AND *HCV OF SURFACES/ OBJECTS SOILED WITH BLOOD/BODY FLUIDS

Personal Protection: When handling items soiled with blood or body fluids, use disposable impervious gloves, gowns, masks, and eye coverings.

Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before application of this product. This cleaning may be accomplished with any cleaning solution, including this product.

Contact Time: Thoroughly wet the surface [with] [insert product name] [a cloth] [a towelette] [a wipe]. Allow surface to remain wet for [one] [1] minute to kill HIV-1, [5] [five] minutes to kill HBV and HCV.

Disposal of Infectious Materials: Blood and other body fluids must be autoclaved and disposed of in accordance with federal, state, or local regulations.

TO CLEAN AND DISINFECT HARD, NON-POROUS NON-FOOD CONTACT SURFACES IN VETERINARY APPLICATIONS:

Remove all animals and feeds from premises, animal transportation vehicles, crates, etc. Remove all litter, droppings and manure from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering appliances.

Wet surfaces with product and let stand for the required contact time. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treated surfaces have been thoroughly rinsed with potable water and allowed to dry.

FOR CLEANING AND DISINFECTING HARD, NON-POROUS SURFACES IN ANIMAL HOUSING FACILITIES [BARN, KENNELS, CAGES, HUTCHES, ETC]:

Remove all animals and feeds from facility. Remove all litter, waste matter, and gross soils. Empty all feeding and watering appliances. Apply product to surfaces and let stand for the required contact time. Saturate all animal handling and restraining equipment as well as tools used to remove litter and manure. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treated surfaces have been thoroughly rinsed with water and allowed to dry. Thoroughly scrub all treating, feeding, and watering appliances with soap or detergent, and rinse with potable water before re-use.

SALON / BARBER INSTRUMENTS AND TOOLS DISINFECTION [BACTERICIDE] / VIRUCIDE DIRECTIONS:

Spray combs, brushes, plastic rollers, manicure and other salon instruments and tools. Allow them to remain wet for the contact time indicated for hard surface disinfection. For visibly soiled instruments and tools, a preliminary cleaning is required. Rinse thoroughly and dry before use. **Note:** Stainless steel shears and instruments must be rinsed and dried and kept in a clean, non-contaminated receptacle. Prolonged contact with the disinfectant solution may cause damage to metal instruments.

For immersion of tools, completely immerse pre-cleaned combs, brushes, rollers, manicure and other salon instruments and tools for 10 minutes. Rinse thoroughly and dry before use. Prepare a fresh solution daily or more often if the solution becomes visibly diluted, cloudy, or soiled. Note: Plastics may remain immersed until ready to use. Stainless steel instruments must be removed after 10 minutes, rinsed, dried and kept in a clean, non-contaminated receptacle. Prolonged soaking may cause damage to metal instruments.

(EMERGING VIRAL PATHOGEN CLAIMS – The statements below shall only be communicated through technical literature distributed exclusively to health care facilities, physicians, nurses, and public health officials, “1-800” consumer information services, social media sites, and company websites (non-label related). These statements shall not appear on marketed or final print product labels.)

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category[ies]:

- Enveloped Viruses
- Large, non-enveloped virus
- Small, non-enveloped virus

For an emerging viral pathogen that is a/an:	...follow the directions for use for the following organisms on the label (contact time):
Enveloped virus	Feline Calicivirus, Strain F-9, ATCC VR-782 Human Rhinovirus 37, Strain 151-1, ATCC VR-1607
Large, non-enveloped virus	Feline Calicivirus, Strain F-9, ATCC VR-782 Human Rhinovirus 37, Strain 151-1, ATCC VR-1607
Small, non-enveloped virus	Feline Calicivirus, Strain F-9, ATCC VR-782 Human Rhinovirus 37, Strain 151-1, ATCC VR-1607

Acceptable claim language:

[Product name] has demonstrated effectiveness against viruses similar to **[name of emerging virus]** on hard, non-porous surfaces. Therefore, **[product name]** can be used against **[name of emerging virus]** when used in accordance with the directions for use against **[name of supporting virus(es)]** on hard, non-porous surfaces. Refer to the **[CDC or OIE]** website at **[pathogen-specific website address]** for additional information.

[Name of illness/outbreak] is caused by **[name of emerging virus]**. **[Product name]** kills similar viruses and therefore can be used against **[name of emerging virus]** when used in accordance with the directions for use against **[name of supporting virus(es)]** on hard, non-porous surfaces. Refer to the **[CDC or OIE]** website at **[website address]** for additional information."

(Communication of these statements may begin upon CDC or OIE website notification identified under Section V of the Guidance of an outbreak of an emerging small non-enveloped, large non-enveloped, and/or enveloped viral pathogen.)

(Communication will cease, and all non-label communications intended for consumers no later than 24 months after original notification of the outbreak on the CDC or OIE website, unless the agency provides guidance to the contrary due to continued public health concerns.)

[Note to Reviewer: The following statement will only appear on labels that include medical device or medical equipment surface uses.]

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that [1] is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or [2] contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical devices prior to sterilization or high-level disinfection.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not mix with anything but water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store this product in a cool, dry area, away from direct sunlight and heat.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Disposal: [[For containers 5 gallons or less.] Non-refillable container. Do not reuse or refill this container. Triple rinse as follows: Fill container ¼ full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.]

[[For containers >5-55 gallons.] Non-refillable container. Do not reuse or refill this container. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat procedure two more times. Then offer for recycling or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.]

[[Sealed Container]: [Non-refillable sealed container is designed to reduce worker exposure to the concentrate. This container cannot be triple rinsed because it is a closed container. The following text will be used on this container.] Non-refillable sealed container. Do not reuse or refill this container. Wrap empty container and put in trash.]

[Refer to concentrate pesticide label for complete [Storage and Disposal] [Container Handling and Disposal] directions].

Claims [for cleaning]:

- New [and –or- Improved] [!] ***to be used for first 6 months only***
- New [and –or- Improved] Formula [!] ***to be used for first 6 months only***
- [This product] [insert product name] is recommended for [daily] cleaning and [sanitizing] [disinfecting] of [washable] [hard, non-porous] [environmental] surfaces
- Streak-Free [Glass] [Cleaner][shine][surfaces]
- Great on Glass [and mirrors]
- [Daily-Use] [Multi-Surface] [Multi-Purpose] [Multi-Use] [Cleaner] [Detergent] [Sanitizer] [Disinfectant] [Degreaser]
- No streaking
- Non-streaking
- No residue
- No dulling residue
- No filming
- Leaves [kitchen[s]] [bathroom[s]] [restroom[s]] [guestroom[s]] [spaces] [surfaces] clean [and] [sanitary] [fresh]
- [Cleans to a streak-free shine] on [glass] [windows] [mirrors] [surfaces] [faucets] [countertops] [exterior surfaces of appliances] [stainless steel] [furniture] [ceramic] [porcelain] [melamine] [and] [shiny surfaces].
- Cleans [commercial] [industrial] [institutional] [hard] surfaces to a streak-free shine
- Cleans everyday [kitchen] [bathroom] [restroom] dirt, grease and [food] stains
- Cleans tough messes
- Cuts through [tough] [grease] [and] [grime] [and] [stains]
- Removes food stains
- Removes streaks [residue]
- [Removes] [cleans] [cuts through] [tough] [greasy] [grease] [kitchen] [bathroom] [restroom] [dirt][stains] [grime] [soils] [while leaving a streak-free shine]
- All-in-1 [product][solution]
- 2-in-1 [product][solution]
- 3-in-1 [product][solution]
- 4-in-1 [product][solution]
- Works quickly
- [Improve] [Improved] [Improves] [Increases] [Increased] operational efficiency
- [Simplify the] [simplifies the] [simplified] [operation][cleaning] process.
- [Less training required.] [Worry-free operation.] [Well-run operation.] [Easy to use.] [Easy to train.] [Ease of mind.]
- Welcome to Clean
- Welcome to Fresh
- Delivering Clean Spaces
- [Make] [cleaning][procedure[s] easier.
- [Save[s] [time].] [Save[s] labor.]
- No harsh fumes.

- [Fresh][pleasant][nice][clean][refreshing] [natural] [smell][scent][fragrance]
- No [personal protective equipment] [gloves] [mask] [masks] [goggles] [protective eyewear] [needed] [required]
- Protect [employees] [guests] [staff] [customers] [from [insert microorganism from tables above]]
- No [hand wash] [hand washing] [rinse] required [after use]
- Contains no abrasives
- Non-abrasive
- Cleans without scratching surfaces
- Convenient
- [Cost effective] and [time efficient]
- Protect[s] surfaces, [soft] [gentle] to surfaces [including] [insert surfaces from Table 2 or Table 3]
- Cleans without bleaching, protecting surfaces
- [Will not] [Won't] damage surfaces
- All-surface cleaning [including][glass][mirrors][fabric][and spot treatment of soft surfaces]
- For [daily] [everyday] [light duty] [heavy duty] use
- Multi-surface [formulation] [formula] [solution].
- [Revolutionary] [Patented] [formula] [technology]
- Patent pending
- The excellent wettability of this product improves penetration into areas that otherwise might not be reached.
- When used as directed, this product is compatible to use on most surfaces.
- [Patent pending], [proprietary], [unique], [one-of-a-kind], [revolutionary], [leading solution], [innovative] [sanitizing] [disinfecting] [protecting] [technology]
- [Create] [build] [a] [clean], [sanitized] [disinfected] [protected] [dining] [living] [guest] [customer] [resident] environment.
- [Improve] [gain] [ensure] guest satisfaction
- [Help] [Build] [Create] a stronger brand.
- [Brand Protection], [Delighted Guests], [Protected Reputations], [Optimized Operations]
- [Helps] ensure regulatory compliance
- [Promotes] [Delivers] [Aids in] [Cleaning] [Clean Spaces] [Efficiency] [Efficient Cleaning]
- Easy on Surfaces
- [Quick] [Easy] [to Use] [Clean-ups]
- [Effective][for][Daily][Use]
- Fast and easy way to clean
- Fast and effective cleaning
- Use every day [throughout the facility]
- [Spot] Cleaning made easy for all your soft[nonporous][fabric] surfaces.
- Cleaning made easy for all your hard, non-porous surfaces.
- A [simple], [safe] [and] [smart] cleaning [solution][choice] for [greater][increased][improved] [customer][guest][resident] satisfaction

Claims [sanitizing, disinfecting, virucidal*, antimicrobial]:

- [No rinse] Non-Food contact sanitizer
- [Non-food contact [surface] sanitizer]
- [Cleans][and][Disinfects] hard, non-porous [non-food contact] surfaces [in one step] when the directions for use for disinfection are followed
- [Cleans][and][Sanitizes] hard, non-porous [non-food contact] surfaces [in one step] when the directions for use for sanitization are followed
- Spot cleans and sanitizes [soft] [non-food contact] surfaces [in one step] when the directions for use for soft surface sanitization are followed
- [Broad spectrum] [hospital use] disinfectant
- Use to sanitize hard, non-porous non-food contact surfaces [no rinse is required] [in 3 minutes]
- Use to disinfect hard, non-porous non-food contact surfaces [no rinse is required] [in] [3 minutes]
- [Easy] [quick] [convenient] way to sanitize
- [One-step] cleaner [and] sanitizer on hard, non-porous, non-food contact surfaces when the directions for use for sanitization are followed
- Effective against [select pathogen from efficacy tables]
- Effective against *Norovirus [on] hard, non-porous [Non-Food Contact Surfaces]
- Kills 99.9% of [select from organisms in Non-Food Contact Sanitizing table or Soft Surface Sanitizing table] [on] [select site or surface from Tables 2, 3, or 4]] [in [select from Table 1]]
- Kills 99.9% of [select from organisms in Hard Surface Disinfecting table] [on] [[select site or surface from Tables 2 or 4]] [in [select from Table 1]]
- Use to [clean] [and] [sanitize] [[select from sites and surfaces in Table 2, 3, or 4]] [in] [select from use locations in Table 1]]

- Use to [clean] [and] [disinfect] [[select from sites and surfaces in Table 2 or Table 4]] [in] [select from use locations in Table 1]]
- Antibacterial [action]
- Antimicrobial [action]
- [Bacteria-fighting] [*Virus-fighting] formula [;see organisms in tables]
- Cleans and [sanitizes] [disinfects]
- Cleans [and] [sanitizes] hard non-porous [non-food contact] surfaces [in] [bathroom[s] [school[s] [classroom[s] [restroom[s] [kitchen[s] [home[s] [household[s] [office[s] [workplace[s] [environment[s]]]
- Cleans [and] [disinfects] hard non-porous [non-food contact] surfaces [in] [bathroom[s] [school[s] [classroom[s] [restroom[s] [kitchen[s] [home[s] [household[s] [office[s] [workplace[s] [environment[s]]]
- [Sanitizes] hard, non-porous [non-food contact surfaces] [in] [3 minutes]
- [Disinfects] hard, non-porous [non-food contact] surfaces in [3 minutes] [5 minutes]
- [Effective] [bathroom], [restroom], [kitchen], [household], [office], [and] [workplace] [disinfectant] [cleaner]
- [Effective] [bathroom], [restroom], [kitchen], [household], [office], [and] [workplace] [sanitizer] [cleaner]
- [Bactericide] [Bactericidal]
- [Virucide*] [Virucidal*]
- Kills [the][common][cold] and [flu][influenza] [norovirus] viruses [in 30 seconds]
- Effective against [the][common][cold][*Rhinovirus] [-and/or-] [the][flu] [*Influenza A][H1N1][*Swine Flu] [H3N2] [-and/or-] [*Influenza B][virus[es]] on Hard, Non-Porous [Non-Food Contact Surfaces] [in] [on] [select locations, sites, and surfaces from Table 1, Table 2 or Table 4]
- [This product] [insert product name] [Kills] [the][common][cold][*Rhinovirus] [-and/or-] [the][flu] [*Influenza A] [H1N1] [*Swine Flu] [H3N2] [-and/or-] [*Influenza B] [virus[es]] in 30 seconds[,] [no [water] rinse required] [with no need to rinse].
- [This product] [insert product name] is specifically designed to quickly kill [the] [common] [cold] [*Rhinovirus] [-and/or-] [the][flu] [*Influenza A][H1N1] [*Swine Flu][H3N2] [-and/or-] [*Influenza B][virus[es]]
- 30 second kill for [the][common][cold][*Rhinovirus] [-and/or-] [the][flu] [*Influenza A][H1N1] [*Swine Flu][H3N2] [-and/or-] [*Influenza B][virus[es]] [, no [water] rinse required] [with no need to rinse].
- [This product] [insert product name] is a dilutable concentrate that [kills] [is effective against] [the][common][cold][*Rhinovirus] [-and/or-] [the][flu] [*Influenza A][H1N1] [*Swine Flu][H3N2] [-and/or-] [*Influenza B][virus[es]] [on] [non-food contact] [hard] surfaces [in 30 seconds] [at no rinse levels][,] [no [water] rinse required] [with no need to rinse].
- This [cleaner] [detergent] [disinfectant] combines cleaning and [disinfecting] [in one product]
- This [cleaner] [detergent] [sanitizer] combines cleaning and [sanitizing] [in one product]
- This product is a [cleaner] [detergent] [disinfectant] which combines cleaning, [disinfecting] and [soil removal] [deodorizing] in one product
- This product is a [cleaner] [detergent] [sanitizer] which combines cleaning, [sanitizing,] and [soil removal] [deodorizing] in one product
- [This product] [has] The power to clean [tough] [bathroom] [school] [classroom] [restroom] [kitchen] [home] [household] [office] [workplace] [grime] [dirt] [soils] and kill [bacteria] [viruses*]
- [This product] [insert product name] is a [cleaner] [disinfectant] [virucide*] that is effective against a broad spectrum of [pathogens][bacteria][microorganisms][viruses*]. [Refer to list of microorganisms on this label for appropriate contact time].
- [This product] [insert product name] is a [cleaner][and] [sanitizer] that is effective against a broad spectrum of [pathogens][bacteria][microorganisms]. [Refer to list of microorganisms on this label for appropriate contact time].
- [This product] [insert product name] is a [multi-surface] [cleaner] [detergent] [sanitizer] [disinfectant] [virucide*]
- [Disinfects] [Sanitizes] [select from Use Sites or Use Surfaces list].
- [Kills] [eliminates] [destroys] [removes] [reduces] bacteria without leaving a residue.
- [Kills] [eliminates] [destroys] [removes] [reduces] bacteria on [commonly touched] [high touch point] surfaces that can be transfer points for [bacteria] [and] [viruses*] [such as doorknobs, telephones, keyboards, and light switches].
- [This product] [insert product name] is for use as [a sanitizer] [and] [as] [a disinfectant] on hard, non-porous [and] [non-food] [contact] surfaces.
- For [broad spectrum][hospital use] disinfection [and cleaning] of hard, non-porous surfaces
- This product is a highly effective, economical, and convenient [bactericide] [virucide*] [disinfectant] [for use [in] [select from Table 1] [on] [select from Table 2 and/or Table 4]]
- [Patented][Proprietary] [disinfecting] [sanitizing][cleaning][streak-free] technology
- EPA registered as a [hospital use][disinfectant] for use on hard, non-porous surfaces
- EPA registered as a non-food contact sanitizer for use on hard, non-porous surfaces.
- [Disinfects] [Kills] odor causing bacteria
- Leaves hard hard, non-porous surfaces disinfected
- Leaves [soft surfaces] [fabrics] sanitized after spot treatment
- Meets surface disinfection recommendation from OSHA Bloodborne Pathogen Standards
- Proven [one-step][1-step] disinfection when the directions for use for disinfection are followed
- Proven [one-step][1-step] sanitizer when the directions for use for sanitization are followed
- Kills [99.9% of] odor-causing bacteria [and eliminates][odors][smells]
- Deodorizes by killing odor causing bacteria
- Kills 99.9% of [odor-causing] bacteria [at their source]

- Eliminates tough odors [by killing 99.9% of odor-causing bacteria]
- Great for sanitization as [a] spot treatment on [soft surfaces][fabrics]
- Great for use as a spot treatment [soft surface][fabric] sanitizer
- Great for sanitization on hard, non-porous surfaces
- [This product] kills 99.9% of bacteria on commonly touched surfaces
- Keep [soft surfaces][fabrics] smelling fresher for longer by killing [99.9% of] odor-causing bacteria by spot treatment
- Target the source of odors by killing [99.9% of] odor-causing bacteria
- Kills odor-causing bacteria on the [soft] [fabric] surfaces you can't wash.
- [This product] cleans and disinfects in one [labor-saving] step when the directions for use for disinfection are followed
- An effective sanitizer on both natural and synthetic fabrics, such as rayon, polyester, and cotton.
- This product is recommended for daily use for and disinfecting washable hard, non-porous [environmental] [non-food contact] surfaces in bathrooms, shower rooms, spas, shower stalls, tubs, tiles, shower doors, shower curtains, restroom fixtures, urinals, restroom floors, bathroom fixtures, sinks and exterior surfaces of toilets.
- Effective against] [Kills] *Norovirus on {Hard, Non-Porous} [Non-Food Contact] [Surfaces]
- [Effective against] [Kills] *Norovirus in 30 seconds.
- [This product] [insert product name] [kills] [is effective against] [*Norovirus] [*Norwalk-like virus] [*Feline calicivirus]] in 30 seconds.
- [This product] [insert product name] is specifically designed to quickly kill *Norovirus [including] [*Norwalk-like virus] [*Feline calicivirus] [in] [select location from Use Locations list]
- [Kills] [effective against] *Norovirus [in 30 seconds] [on] [non-food contact] hard, non-porous surfaces [insert locations, sites, and/or surfaces from Table 1, Table 2, and/or Table 4] [in 30 seconds], [with] [no [water] rinse required] [with] [no need to rinse].
- 30 second *Norovirus kill [, no rinse required]
- [Revolutionary] [revolutionizing] [Game changing]
- [Effective against] [Kills] *SARS-CoV-2 [the virus that causes COVID-19] on Hard, Non-Porous [Non-Food Contact Surfaces]
- [Effective against] [Kills] *SARS-CoV-2 [the virus that causes COVID-19] in 30 seconds.
- [This product] [insert product name] is specifically designed to quickly kill *SARS-CoV-2 [the virus that causes COVID-19]
- Tested [and proven [effective]] to kill [the] [SARS-CoV-2] [COVID-19 virus¹]
- Tested [and proven [effective]] against [the] [SARS-CoV-2] [COVID-19 virus¹]
- Tested [and proven [effective]] to help [reduce the spread of] [the] [SARS-CoV-2] [COVID-19 virus¹] on hard, non-porous surfaces

¹Kills SARS-CoV-2 on hard, non-porous surfaces [in 30 seconds]

Claims – General

- [Removes] [Eliminates] [Attacks] [Gets rid of] [Melts away] [Cuts through] tough [[bathroom] [restroom] [school] [kitchen] [hotel room] [office] [workplace] [dirt] [soils] [grime] [and other common soils]] [!]
- Tough on [soap scum] [and] [soils] [and] [grease]
- [For] [use] [around][in][on][throughout][the] [insert sites/locations/surfaces from Table 1, Table 2, Table 3 or Table 4]
- Commercial Product[s]
- Patent number[s] [insert patent number]
- Patent pending
- Acid anionic system
- [This] [Acid anionic system] has increased tolerance to soil loading and hard water conditions
- Convenient to use
- Formula ingredients contain no phosphorus
- [This product] [insert name] is phosphate [phosphorus] free
- Helps enhance [operational efficiency][brand protection] when used in a total Ecolab [product and professional services][Housekeeping][Foodservice][EVS][Environmental Services][Facility] program
- Requires no [PPE] [personal protective equipment]
- PPE free
- No gloves or goggles required
- [Convenient] [Ecolab] [ready-to-use] [system] promotes [efficiency]
- No need to dilute!
- Ready To Use
- Non-corrosive to hard surfaces [when used as recommended]
- [Soft] metal safe
- [[non-corrosive] [non-sensitizing] to eyes and skin] [not a skin sensitizer]
- Promotes quality assurance
- Saves money
- Cost efficient
- Reduces operational costs

- Saves time and labor
- The non-corrosive formula enables use on hard, non-porous [non-food contact] surfaces as a [sanitizer][disinfectant]
- Useful for a wide variety of applications [as listed on the product label]
- No [harsh fumes] [accidental whitening]
- All-in-one
- One product does many [multiple] [things] [jobs]
- Streak free [shine]
- Leaves surfaces [shiny] [clean] [fresh]
- Leaves spaces clean and fresh
- For [daily] [everyday] use
- Use for wiping [bathroom] [kitchen] counters
- [Easy] [quick] [convenient] to use
- [Non-chlorine] [or] [non-quat] formula.
- Will not bleach clothing or colored surfaces.
- Contains no bleach, ammonia, peroxide or quat
- Bleach free [formula]
- Alcohol free [formula]
- Phenol free [formula]
- Phosphorus free [formula]
- Phosphate free [formula]
- Chlorine free [formula]
- Ammonia free [formula]
- Contains no phosphates [phosphorus]
- This product will not harm most [washable] surfaces. [test a [small][inconspicuous] area [on surface] first]
- The excellent wettability of this product improves penetration into areas that otherwise might not be reached.
- When used as directed, this product is compatible to use on most surfaces.
- Great for [all around] the [select from Table 1, Table 2, or Table 3]
- Cleans everyday kitchen messes like dirt, grease and food stains. Cuts through tough grease and grime.
- Non-abrasive formula will not harm [scratch] surfaces.
- [This product] [insert name] is not recommended for use on marble
- [Removes] [Cleans] [the following]: body oils, coffee, soap scum, make-up, [cooking] [oils], dirt, fecal matter, food [residues] [soils], fruit [juice] [stains], grease, mold stains, [other] [soils] [stains], rust, tea, urine
- Regular, effective cleaning and disinfecting of [select from Table 2] [which could harbor hazardous microorganisms] minimizes the potential for [cross-contamination on treated surfaces] [outbreaks]
- Regular, effective cleaning and sanitizing of [select from Table 2 or Table 3] [which could harbor hazardous microorganisms] minimizes the potential for [cross-contamination on treated surfaces] [outbreaks]
- [Volatile Organic Compound] [VOC] [CARB] Compliant
- Simplified cleaning procedure
- Reduced cleaning time
- Innovative [formula] [product] [solution] [for simplification]
- Every surface, every time
- All surface for all uses
- [QC] [58] [40] [42]
- For more ingredient information visit | www.ecolab.com/saferchoice

Claims for dye or fragrance-free formulas only:

- Dye free
- Fragrance free
- Dye and fragrance free
- Free from added [dyes] [and] [fragrances]
