## DILUTION RECOMMENDATIONS

For sanitizing bar glassware and utensils, prepare a solution using 1 ounce in 4 gallons of water. Immerse previously cleaned articles and drain dry for 2 minutes. Rinse with sanitary water after sanitizing.

For sanitizing food processing equipment and hard surfaces, clean with a suitable detergent and rinse. Sanitize with a solution of 1 ounce of product in 4 gallons of water. Avoid contact with food and rinse with sanitary water.

After cleaning, use 2 1/2 oz. Sandis-D to 4 gallons of water for disinfecting floors, walls, surfaces, etc., as found in hospitals, institutions, public rooms, homes, industrial areas, conveyances, etc.

After cleaning, use 2 1/2 oz. Sandis-D to 2 gallons of water for cold disinfection of surgical instruments, barber shop and beauty parlor equipment. This dilution also used in foot baths and for disinfecting shower room matting. For surgical instruments, it is advisable to add 1 tablespoon of sodium nitrite per gallon of solution as a corrosion inhibitor.

## SANDIS - D

### CONCENTRATED DISINFECTANT, SANITIZER, AND DEODORIZER

Must be diluted before using

#### ACTIVE INGREDIENTS:

n-Alkyl - dimethyl ethylbenzyl ammonium chlorides	5%
n-Alkyl - dimethyl benzyl ammonium chlorides	5%
Inert ingredients	90%
	100%

Phenol Coefficient A.O.A.C. —

S. Typhosa 62 - S. Aureus 92

**CAUTION:** Keep out of reach of children.  
See other warnings on right panel.

NET CONTENTS — 1 U. S. GALLON  
USDA Reg. No. 1683 -

Sandis-D fulfills the criteria of Appendix F as revised March 1956 of the Milk Ordinance and Code, 1953 Recommendations of the U.S. Public Health Service in waters up to 850 ppm (50 grains per gallon) of hardness calculated as CaCO<sub>3</sub> when tested by the Chambers' Method.

Sandis-D in recommended use dilutions is non-corrosive.

#1683-21 **CAUTION**

Avoid contamination of food. If used on food processing equipment rinse with sanitary water after sanitizing. Avoid contamination on skin and in eyes. In case of contact flush immediately with cool water. If irritation persists, get medical attention. Do not use with soap or anionic detergent. Product is harmful if swallowed from container.
