

Draft Labeling for the following product containers: 40 lb. keg and carton label for box of 12-3 oz. bottles

BEST AVAILABLE COPY

State[®] 797-A POWDERED INSECTICIDE

A highly effective insecticide combining the flushing and killing powers of pyrethrins and piperonyl butoxide with the dehydrative principle of thermally attrited hydrogel that destroys roaches, ants, silverfish, bedbugs, fleas, and fire ants.

797-A is relatively odorless and nonstaining and may be used according to directions in restaurants, stores, hotels, offices, plants, warehouses, truck trailers, sewage treatment plants and other industrial and institutional places.

ACTIVE INGREDIENTS

Pyrethrins	1.00%
Piperonyl Butoxide, Technical*	10.00%
Amorphous silica gel	40.00%
Petroleum Distillate	49.00%
TOTAL	100.00%

*Equivalent to 8.0% (butylcarbityl) (6-propylpiperonyl) ether and 2.0% related compounds

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid inhalation. Avoid contact with eyes. In case of eye contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists. Avoid contamination of food or food processing surfaces. Do not use in commercial food preparation areas, or in edible food product areas of food processing plants. Keep all aquariums covered during treatments.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, do not induce vomiting because of aspiration hazard. Get immediate attention.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

(For 3 oz. bottle)

Store in a dry place. Avoid getting moisture in containers. Store this product only in its original container and place in locked storage areas out of the reach of children.

DISPOSAL: Do not reuse empty bottle. Wrap container in newspaper and put in trash.

STORAGE AND DISPOSAL

(For 40 lb. keg)

Do not contaminate water, food or feed by storage or disposal. Store in a dry place. Avoid getting moisture in containers. Store this product only in its original container.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty plastic liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If fiber box is contaminated and cannot be reused, dispose of in the same manner.

To control German, Brown Banded, Oriental and American roaches, ants, fire ants and silverfish. Apply the powder lightly, but thoroughly, at the rate of two ounces per 100 square feet of surface. Application should be made to cracks, crevices, around water pipes or other openings where insects move or hide, particularly sink and cabinet areas, service areas, bathrooms, places where insects enter premises, such as door sills or other openings. Repeat treatment as needed.

FOR ROACH CONTROL IN SEWERS: Remove manhole cover and replace with a disc of plywood board to receive the flexible hose from the truck-mounted ventilating equipment. Pour approximately 5 ounces (1/3 of a pound) of State 797-A into ventilator-blower attached to manhole of infested sewer line. Clouds of 797-A will then spread over hundreds of feet of roach infested sewer lines. When treating sewers, one manhole per 200 feet of line should be treated. Continue application through the next two manholes beyond visible evidence of roach infestation. This treatment is highly effective for the control of American and Oriental roach infestations.

BEDBUG CONTROL: Dust 797-A into all joints, channels and hollows of bed. Also mattress and adjoining furniture as well as all cracks in the room should be treated.

FLEA CONTROL ON DOGS AND CATS: Liberally apply and rub 797-A on skin of the animal. Dust kennel surfaces with 2 oz. per 100 square feet.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

BUYER ASSUMES ALL RISKS OF USE, STORAGE OR HANDLING OF THIS MATERIAL NOT IN STRICT ACCORDANCE WITH DIRECTIONS GIVEN HEREWITH.
