

ACCEPTED

Aug 18, 72

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
EPA UNDER NO. 1685-61

DIRECTIONS:

For Roadsides, ^{Logo} ~~Highways~~ Cemeteries, Parks, Fence rows and turf use.

WEED CONTROL IN SMALL AREAS: Use 1 cup of Weed-Away in 3 gallons of water and wet the undesirable weeds thoroughly for best results.

SPOT TREATMENT: For Knapsack application of Weed-Away for spot treatment of such weeds as ~~milk~~ dandelions, and similar hard-to-kill weeds, use 1 pint of Weed-Away in three gallons of water or 3 gallons of Weed-Away per acre in sufficient water to give coverage for most extensive areas. Spray to wet weeds thoroughly. Repeat the treatment as required.

TURF WEED CONTROL: For lawns, pastures and other turf areas, use 1 to 1 and 1/2 gallons of Weed-Away in sufficient water per acre. Dilute 1/2 cup of Weed-Away in 3 gallons of water and apply to 1000 square feet. Use higher rate for hard-to-kill weeds such as white top canada thistles. Apply when foliage is growing rapidly in late spring or early summer. Wet all foliage thoroughly. Repeat the treatment as required.

NOTE: In weed control in grasses, repeat treatment may be needed for less susceptible weeds. White clover and other legumes may be temporarily injured or killed. In some areas, bent buffalo, carpet and St. Augustine grasses may also be injured by the treatment.

GENERAL WEED CONTROL: In vacant lots on roadsides and along fence rows, use enough spray to wet all foliage. One cup of Weed-Away in 3 gallons of water will control most young weeds, however 1 and 1/2 cups may be necessary for more resistant weeds. Deep rooted perennial weeds such as bindweed, canada thistles, Dandelions and pigweed may require repeated applications as new growth appears. Application should be made when plants are actively growing in late spring or early summer and foliage is fully expanded.

Statebrand Formula 265

WEED-AWAY

Selective Weed Killer

- For Selective Control of Certain broad-leaved Annual and Perennial Weeds.
- Sequestering Agents make Weed-Away soluble in hard and soft water.
- Includes wetting agents to provide through leaf coverage and deep penetration.

ACTIVE INGREDIENTS:

Dimethylamine salt of 2-methyl-4-Chlorophenoxyacetic Acid*14.25%

INERT INGREDIENTS85.75%

*Contains the equivalent of 11.62% 2-methyl-4-Chlorophenoxyacetic acid equivalent to 1.0 lb. per gallon at 68°F.

CAUTION: KEEP OUT OF REACH OF CHILDREN

See Side Panel for Additional Cautions

EPA Reg. No. 1685-61

CAUTION: KEEP OUT OF REACH OF CHILDREN — HARMFUL IF SWALLOWED

Avoid contact with skin, eyes or clothing. In case of eye contact, flush eyes with plenty of water for at least 15 minutes and get medical attention. Wash skin with plenty of soap and water. Remove and wash contaminated clothing before reuse.

Avoid spray drifts onto susceptible plants such as vegetables, flowers, desirable legumes, etc. Use coarse sprays as these are less likely to drift. Do not spray on windy days. Do not contaminate water used for irrigation or domestic purposes. Do not store near seeds, food, fertilizer, insecticides or fungicides.

Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes.

Do not re-use container. Wash thoroughly with water and detergent. Destroy by burying in a safe place. Do not burn.

WARRANTY NOTICE:

The State Chemical Manufacturing Company warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling which may result in loss or damage which are beyond the control of the seller, such as for example incompatibility with other products, the manner of its use or application, or the presence of other products or materials in or on the soil or crop. The State Chemical Manufacturing Company makes no other express or implied warranty of fitness or merchantability. The exclusive remedy of the user or buyer, and the limit of the liability of The State Chemical Manufacturing Company or any other seller for any and all losses, injuries or damages resulting from the use or handling of this product shall be the purchase price paid by the user or buyer for the quantity of this product involved. The buyer and all users are deemed to have accepted the terms of this notice, which may not be varied by any verbal or written agreement.
