

Precautionary Statements

DANGER

Hazards to Humans and Domestic Animals

Keep out of reach of children. Avoid contact with eyes, nose, mouth, and skin when handling concentrated material. Avoid contact with contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. For eye irritation, flush with water for 15 minutes. If swallowed, drink plenty of water. If inhaled, get fresh air and rest.

NOTE TO PHYSICIAN

For further information, contact the manufacturer. Medical assistance should be sought if symptoms persist or worsen.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disinfection: To disinfect hard nonporous surfaces, dilute with water. Apply solution with sponge or mechanical sprayer so as to wet all surfaces. Allow to remain wet for 10 minutes and then air dry.

To disinfect toilet bowls, flush toilet, add 2 ounces of concentrate directly to the bowl water. Sweep the bowl completely using a stiff brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush. For heavily soiled areas, a pre-cleaning step is required and the toilet must be flushed before use.

Mildewstat: To control mold and mildew on previously cleaned hard surfaces, such as tile, wall, bathtub, add 2 ounces concentrate per gallon of water. Apply solution with cloth or sponge, making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application whenever mildew when mildew growth reappears.

Sanitization: To sanitize previously cleaned and rinsed nonporous food contact surfaces, prepare 200 ppm active Quaternary solution by adding 2.8 ounces per 5 gallons of water. At this level, use potable water for use in food. Sanitize immobile items (such as tanks, chopping blocks, counter tops). Flood the area with a 200 ppm solution. Apply with a cloth or sponge, making sure to wet all surfaces completely for at least 60 seconds per day. Prepare a fresh solution for each use.

To sanitize previously cleaned mobile items (such as hard plastic, vinyl, etc.), immerse in a 200 ppm solution. 2 ounces of product per 3 1/2 gallons of water. For at least 60 seconds, making sure to immerse completely. Remove and air dry. Prepare a fresh solution daily or more frequently as required. Do not use in excess. Detergent to the sanitizing solution. Detergent deactivates the sanitizing ingredient.

State Formula 362 No Rinse Cleaner/Sanitizer

Cleaner-Disinfectant-Detergent
Detergent-Fungicide-Viricide
Sanitizer-Mildewstat on hard nonporous surfaces
Designed for Hospital and Institutional Use

Active Ingredients

- n-AlKyl (C14-C18) Dimethyl benzyl ammonium chlorides 2.25%
n-AlKyl (C12-C14) dimethyl ethylbenzyl ammonium chlorides 2.25%

EPA Establishment No. 1885-OH-1

ACCEPTED SEP 6 1989 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under 16 CFR 172.101 EPA Reg. No.

STORAGE AND DISPOSAL

STORAGE: Store this product only in its original container and place in a locked storage area out of the reach of children. Keep container closed when not in use. Store at temperatures above 32°F.

CONTAINER DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on land at an approved waste disposal facility.

SPILLAGE DISPOSAL: For spills on hard nonporous surfaces, dilute with water and mop up. For spills on porous surfaces, dilute with water and scrub. For spills on clothing, wash with plenty of water. For spills on skin, wash with plenty of water. For spills in eyes, flush with plenty of water for 15 minutes.

For 5 and 10 gallon drums: This product is a liquid. Offer for recycling, incineration, or other treatment, or puncture and dispose of in a sanitary landfill or in the structures approved by state and local authorities.

For 1 and 2 gallon drums and pails: This product is a liquid. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

For 1 and 1/2 gallon container: Do not reuse empty container. Wrap container and put in trash.

STATE FORMULA 362 NO RINSE CLEANER/SANITIZER has been designed for institutional use, such as hospitals, nursing homes and schools. It is not intended for use in the home. The hazard of cross-contamination from the use of this product is a concern. Do not use in the home. Do not use on carpets, drapes, bed frames, upholstered furniture, etc.

In addition to its general use, this product is also used in areas where hard to reach, smelly, such as garbage storage areas, empty storage rooms, etc. and any other areas where odor and dirt are a problem. Do not use on fabrics.

Disinfection: This product is a disinfectant. It is effective against the following organisms: Bacillus subtilis, Clostridium perfringens, Escherichia coli, Staphylococcus aureus, Salmonella typhimurium, Shigella flexneri, and others.

Virucidal Activity: This product is effective against the following viruses: Adenovirus, Herpes simplex, Influenza A, Poliovirus, Rotavirus, and others.

Mold and Mildewstat: This product prevents and controls mold and mildew and the odors they cause on hard nonporous inanimate surfaces.

Sanitization: This product is an effective sanitizer when diluted in water up to 250 ppm hardness (CaCO3).
