

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOAMING TERG-O-CIDE has been designed specifically for Institutional cleaning and disinfecting in Nursing Homes, Hospitals, Offices, Schools, Motels and Hotels.

DISINFECTION, CLEANING AND DEODORIZING: To disinfect, clean and deodorize hard nonporous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks and bathtubs, proceed as indicated below:

1. Hold container 8 to 10 inches from surface to be treated. 2. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary. 3. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross soil before treatment.

MOLD AND MILDEWSTAT: To control mold and mildew on hard nonporous surfaces (such as floors, walls, table tops), spray the surfaces to be treated making sure to get completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS WARNING

Keep Out of Reach of Children. Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.
IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

IF ON SKIN: Immediately flush skin with plenty of water for at least 15 minutes. Remove and wash all contaminated clothing before reuse.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

FOAMING TERG-O-CIDE is designed for general cleaning and disinfecting in Nursing Homes, Hospitals, Institutions, Offices, Schools, Motels and Hotels. When used as directed, **FOAMING TERG-O-CIDE** is formulated to disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, hampers, cabinets and bed springs).

FOAMING TERG-O-CIDE deodorizes those areas which generally are hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, restrooms, and other areas which are prone to odors caused by microorganisms.

When used as directed, **FOAMING TERG-O-CIDE** demonstrates effective disinfection against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa* thus meeting requirements for hospital use. Efficacy tests have demonstrated that **FOAMING TERG-O-CIDE** is an effective one-step cleaner-disinfectant in the presence of organic soil (5% blood serum).

The product is fungicidal against Pathogenic fungi (T mentagrophytes) when used as directed on hard surfaces found in the bathroom, shower stall and locker room or other clean hard nonporous surfaces commonly contacted by bare feet.

FOAMING TERG-O-CIDE is also virucidal against Herpes simplex Type 2 when used as directed on hard, nonporous inanimate environmental surfaces.

MOLD AND MILDEWSTAT **FOAMING TERG-O-CIDE** prevents and controls mold and mildew and the odors they cause on hard nonporous inanimate surfaces.

STORAGE AND DISPOSAL

Store this product only in its original container and place in a locked storage area out of the reach of children. Store at temperatures above 32°F. Keep containers closed when not in use. **DISPOSAL:** Do not reuse empty container. Wrap container and put in trash.

ONLY FOR SALE TO, USE, AND STORAGE BY SERVICEPERSONS.
