

STATE SOK

Multi-Purpose Insect Killer
FOR CONTROL OF PESTS INDOORS AND IN THE GARDEN

ACCEPTED
with COMMENTS
in EPA Letter Dated

SEP 07 1984

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the purpose
registered under EPA Reg. No.

1685-102

PAST KNOCKDOWN

PLEASANT SCENT

ACTIVE INGREDIENTS

- *† Resmethrin ([5-(phenylmethyl)-3-furanyl] methyl
2,2-dimethyl-3-(2-methyl-1-propenyl)cyclopropane
carboxylate) 0.200%
- d-trans Allethrin (allyl homolog of Cinerin) 0.400%
- ~~• Petroleum Distillate~~ ~~6.500%~~

99.400%

INERT INGREDIENTS ~~91.900%~~

*cis/trans isomers ratio: max. 30% (±) cis, and min. 70% (±) trans
 †US Patent Nos. 3,465,007 and 3,542,928
 • Bioallethrin

SHAKE WELL BEFORE USING

Precautionary Statements
 Hazards to Humans

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in food processing plants, wash with potable water all equipment, benches, shelving, etc., where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds, and cover fish aquariums before spraying.

FIRST AID: In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not puncture. Do not use near heat or open flame. Exposure to temperatures above 120°F may cause bursting.

KEEP OUT OF REACH OF CHILDREN

EPA Reg. No. 1685

EPA Est. 10900-OH-1

NET CONTENTS 16½ oz.

State Chemical Mfg. Co.
 3100 Hamilton Ave.

FOR INDUSTRIAL USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with it's labeling.

SHAKE WELL BEFORE EACH USE. Point valve away from face and press button. Hold can at least 3 feet from surfaces which may stain and 18 inches from plants.

FOR CONTROL OF PESTS INDOORS

FLYING INSECTS: To kill houseflies, mosquitoes, gnats (midges), deer flies, stable flies, flying moths and fruit flies. Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of the room especially window and other light sources which attract these insects. Fill the room with mist then leave the treated area. Keep the room closed at least 15 minutes. Ventilate the room when treatment is complete.

IN HOSPITALS: Remove patients prior to treatment. Ventilate rooms for two hours before returning patients.

FOOD AREAS: Food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when the facility is not in operation.

TO KILL WASPS, HORNETS, YELLOW JACKETS AND BEES: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, especially under attic rafters, contacting as many insects as possible. Repeat as necessary.

CRAWLING INSECTS: Ants, bedbugs, ticks, fleas, cockroaches, waterbugs, crickets, silverfish, earwigs, spiders, sowbugs, centipedes, millipedes and carpet beetles. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible.

TO KILL FLEAS AND TICKS ON DOGS, CATS AND PREMISES: Apply directly to animals along back, under forelegs, and on other areas except snout and anus. Part hair to contact skin and to insure good coverage. Hold nozzle one foot away while spraying. Apply until hair is moist. Do not spray directly into eyes or mouth of animal. Repeat within 24 hours of first treatment if necessary. To reduce infestation, thoroughly spray animal's bedding and other resting areas until the surface is slightly moist. Treat these areas at the rate of two seconds per linear foot at a distance of 12 to 18 inches. Also spray the entire inside surface of dog houses. Hit as many insects directly as possible.

IN HORSE STABLES STATE SOK SHOULD NOT BE USED IF HORSES WILL BE USED FOR FOOD.

FOR CONTROL OF PESTS ON ORNAMENTAL PLANTS

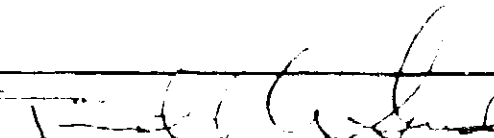

For control of aphids, exposed thrips, whiteflies, leafhoppers, plant bugs, spittle bugs, two-spotted mites, red spider mites, cutworms and slugs on African violet, false aralea, begonia, christmas cactus, chrysanthemum, coleus, daisy, dracena, asparagus fern, fuchsia, geranium, hibiscus, impatiens, ivy, jade, lilacs, marigold, nasturtium, petunia, philodendron, rose, snapdragon, wax plants and zinnias. Also for control on white birch, cypress, dogwood, forsythia, hemlock, holly, locust, maple, mimosa, non-bearing citrus and cranberry, oak, palm, pine, rhododendron, and spruce.

Hold container 18 inches from infested plants. Spray in short bursts from 1 to 3 seconds or spray at the rate of 1 linear foot of growth per second. Direct spray to all sides covering foliage until slightly moist. Avoid heavy wetting. Spray several plants at once and in an area not likely to come in contact with pets, children or food. When leaves are dry return plant to original location.

USE WITH CAUTION ON: African violet, ash, azalea, Reiger begonia, camellia, cypress, plumosa fern, gloxinia, impatiens, juniper, jade and primrose. As with all plants listed, especially carnations, roses and chrysanthemums, there exists a wide variety of species and therefore a wide variety of susceptibility to injury. To determine possible phytotoxicity (harmful effects), spray a few plants as directed, wait 24 hours and check for possible injury.

STORAGE AND DISPOSAL

DO NOT STORE NEAR HEAT OR OPEN FLAME. DO NOT REUSE EMPTY CONTAINER. WRAP CONTAINER AND PUT IN TRASH COLLECTION. NEVER THROW CONTAINER INTO FIRE OR INCINERATOR.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO. 1685-102	DATE OF ISSUANCE SEP 7 1984
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	NAME OF PESTICIDE PRODUCT State 507	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)		
The State Chemical Mfg. Co. 3100 Hamilton Ave. Cleveland, OH 44114		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:		
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.		
2. Make the labeling changes listed below before you release the product for shipment:		
a. Add the phrase "EPA Registration No. 1685-102."		
b. Refer to PR Notice 65-3 in regard to the Storage and Disposal Statement.		
c. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.		
If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.		
A stamped copy of the label is enclosed for your records.
