

JAN 28 1991

The State Chemical Manufacturing Company
3100 Hamilton Avenue
Cleveland, OH 44114

Attention: Tammy Westerman

Gentlemen:

Subject: Resmethrin Registration Standard
State Was Wasp Killer
EPA Registration No. 1685-104
Your Submission Received August 3, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Add "CONTAINS PETROLEUM DISTILLATE" as a substatement to the ingredient statement.

You must submit, in compliance with the Resmethrin Registration Standard, a new Confidential Statement of Formula (EPA Form 8570-4) for your product.

Since you apparently have not changed the formula, what is the basis for the revision in the claim "Jet stream up to 15 to 20 foot range?"

Sincerely yours,

PHM
Phil Hutton
Product Manager (17)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

was WASP KILLER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS CAUTION

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush skin and eyes with plenty of water. Get medical attention if irritation persists.

PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not puncture. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Do not store near heat or open flame. Keep in a locked storage area.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash. Do not puncture or incinerate can.

In food handling areas, food should be removed or covered previous to treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Apply only when facility is not in operation.

Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith.

KILLS WASPS, HORNETS, BEES AND YELLOW JACKETS

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, enter the house and into any cracks or crevices in foundation as well as along sills and ledges.

This spray is fast acting when insects are hit directly. Allow 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray making it possible for the operator to stay back from the places sprayed.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
NOT INTENDED FOR HOUSEHOLD USE OR RESALE.
