CLEANS • DISINFECTS • DEODORIZES • BLEACHES

IN ONE ECONOMICAL CLEANING OPERATION

DIRECTIONS

TOILET BOWLS — Pour two ounces of cleaner around edge of bowl and allow to remain for several minutes. Brush thoroughly with a stiff brush under flush ring and around inside surface of bowl. Repeat operation until cleaned. After cleaning, rinse bowl by flushing.

URINALS — Saturate mop or brush with cleaner and swab urinal until stains or discoloration have disappeared. To remove odorous scale and algae growth, pour four ounces into urinal and allow to remain as long as possible.

FOR DAILY CLEANING OF:

BATH TUBS, SHOWER STALLS, WASH BASINS, DRINKING FOUNTAINS, VITREOUS WARE and FLOORS (Hard surfaced: stone, unpolished marble, tile, etc.). Dilute with two parts of water. Apply with mop, swab or brush. Rinse with water after cleaning and dry. (If badly stained use full strength.)

STAINLESS STEEL, COUNTER TOPS, CHROME, COFFEE URNS, SWIMMING POOLS, PORCELAIN. Dilute with three parts water and apply. Rinse thoroughly immediately after cleaning.
