

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER: CAUSES SEVERE EYE AND SKIN IRRITATION. HARMFUL IF ABSORBED THROUGH THE SKIN OR INHALED. MAY CAUSE SKIN SENSITIZATION REACTION IN CERTAIN INDIVIDUALS.

Avoid contact with skin, eyes or clothing. Avoid breathing dust. Protective clothing, including goggles, should be worn. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PRODUCT DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Fiber Drums: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and Local Authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.

Bags: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration or, if allowed by State and Local Authorities by burning. If burned, stay out of smoke.

NET CONTENTS SHOWN ELSEWHERE ON CONTAINER

**CUPROSE
ALGAECIDE**

ACTIVE INGREDIENT:

Copper Sulfate (CuSo4*5H2O).....	80%
INERT INGREDIENTS*.....	20%
Total.....	100%

*Inert ingredients contain stabilizer

Copper Expressed as Metallic.....20.4%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID

- IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
- IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a poison control center or doctor.
- IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- IF INHALED: Move person to fresh air. If person is not breathing, call 911 or ambulances, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed. Have the MSDS with you when calling a poison control center or a doctor, or going for treatment.

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 1706-55

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For control of algae in industrial ponds feed 16-124 pounds per million gallons of water (2-15 ppm) CUPROSE ALGAECIDE; for reservoirs do not exceed 13.3 lb./acre foot (equivalent to 1 ppm as Cu) applied by broadcasting or use of mechanical spreader.

NOTE: Fish in waters treated with this product may be killed. Treat only 1/3-1/2 of the water area in a single operation and wait at least 10-14 days between treatments. Decaying algae depletes the oxygen content of water and will result in fish kills if an excessive area is treated at one time. Begin treatment along the shore and proceed outward in bands to allow fish to move into untreated areas. Consult your State Fish and Game Agency before applying this product to public waters.

To control algae in industrial recirculating cooling water systems add 4.2 pounds per 100,000 gallons of system water (5 ppm) CUPROSE ALGAECIDE initially to gain control. Repeat treatment when system is in jeopardy of becoming affected or after cleaning of systems whose efficiency is already impaired. Badly fouled systems must be cleaned before treatment is begun. When algae control is evident, add 0.8-4.2 pounds per 100,000 gallons of system water (1-5 ppm) CUPROSE ALGAECIDE once a week or as needed to maintain system control. Apply CUPROSE ALGAECIDE to a point in the system where the product will be uniformly mixed. CUPROSE ALGAECIDE may be fed as is, using a stoker-type feeder or as a 5% water solution using plastic or ceramic proportioning equipment. Technical advice on individual site problems is obtainable from your Nalco Representative.

NOTE: Maximum copper content permissible in finished potable water supplies in 1 ppm.

ENDANGERED SPECIES RESTRICTIONS

It is a violation of Federal Laws to use any pesticide in a manner that results in the death of an endangered species or adverse modification of their habitat. The use of this product may pose a hazard to certain federally designated endangered species known to occur in a specific area within the following counties:

STATE	Species (Bulletin no.)	COUNTY
CALIFORNIA	Solano Grass (EPA/ES-85-13)	Solano
TENNESSEE	Slackwater Darter (EPA/ES-85-04)	Wayne, Hancock
	Freshwater Mussels (EPA/ES-85-07)	Lawrence
		Claiborne
ALABAMA	Slackwater Darter (EPA/ES-85-05)	Hawkins, Sullivan
		Lauderdale
VIRGINIA	Freshwater Mussels (EPA/ES-85-06)	Limestone, Madison
		Grayson, Scott, Lee Smyth, Washington
