NALKIL.

250
CONCENTRATE
WITH ENDRIFT®
WEED KILLER

ACTIVE INGREDIENTS:

Petroleum oil	79.14%
2,4-Dichlorophenoxyacetic acid, isooctyl ester*	6.55%
Bromacil (5-bromo-3-sec-butyl-6- methyluracil)	3.62%
Pentachlorophenol	4.62%
Other chlorophenols	0.54%

INERT INGREDIENTS: 5.53%

Total 100.00%

*2,4 Dichlorophenoxyacetic acid equivalent 4.35%

EPA Registration No. 1706-119

NALCO CHEMICAL COMPANY
6216 WEST 66TH PLACE
CHICAGO, ILLINOIS 60638

NET CONTENTS SHOWN ELSEWHERE ON CONTAINER

DIRECTIONS: This product should not be applied directly but should be diluted by adding 7 gallons of NalKil 250 Concentrate with Endrift to 36.5 gallons of phytotoxic oil vehicle and mix thoroughly. To control most weeds and grasses on non-cropland areas such as railroad rights-of-way and industrial sites for an extended time, apply 3.5 gallon per acre of diluted product after the most predominant weeds have emerged. Apply when weeds are young and actively growing. After dilution no further agitation is required. The diluted product should be applied with railroad on-track, truck mounted or other standard spraying equipment. For treating small areas, a tank-type hand sprayer or sprinkling can may be used.

NOTE: Users should consult State Agricultural Experiment Stations or Extension Service Weed Specialists for recommendations as to use of NalKil 250 Concentrate with Endrift in their particular area or write Nalco.

IMPORTANT: Do not apply directly to, or otherwise permit NalKil 250 Concentrate with Endrift or its diluted form to contact susceptible plants as this product may injure cotton, beans, peas, grapes, flowers, fruit trees, ornamentals, or other desirable plants. Do not apply to areas underlaid by roots of desirable trees or shrubs. Avoid spray drift to such susceptible plants (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same equipment for other purposes). Do not store near fertilizers, seeds, insecticides or fungicides. Do not contaminate water used for irrigation or domestic purposes. Do not reuse container. Destroy when empty by perforating or crushing followed by burial in a safe place away from water supplies.

NalKil 250 Concentrate with Endrift is toxic to fish and wildlife. Birds and other wildlife may be killed. Do not apply when weather conditions favor drift from treated areas. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

WARNING: HARMFUL OR FATAL IF SWALLOWED OR ABSORBED THROUGH SKIN. CAUSES SKIN IRRITATION. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Do not get in eyes, on skin or on clothing. Avoid breathing of vapor. Keep container closed when not in use. In case of contact immediately wash skin with soap and water for at least 15 minutes; for eyes, immediately flush with large amounts of water for at least 15 minutes, and get medical attention. Remove and wash contaminated clothing before reuse.

FOR INDUSTRIAL USE ONLY
