H-170-E

HERBICIDE

ACTIVE	INGREDIENTS:
--------	--------------

Petroleum Oil		97.75%		
* 2, 4-Dichlorophenoxyacetic icid, iso-octyl ester			1.12%	
Pentachlorophenol			0.78%	
Other Chlorophenols			0.08%	
MERT INGREDIENTS			. 0.27%	
Total			100.0%	

EPA Registration No. 1706 136

of AD in Supplemonate of a large leading to the first

DIRECTIONS: NALCO H 170 E Herbicide is used without dilution for non-selective control of herbaceous and woody plants on non-tiliable lands such as railway rights of way and around tank farms, lumber storage or similar places where vegetation is undesirable. NALCO H 170 E is best applied at a rate of one gallon per thousaild square feet after the predominant species have emerged. Suitable spray equipment should be used to obtain thorough wetting of all parts of the plant. Only moderate pressure is needed to give thorough coverage without atomization. Frequency of application depends upon type of growth and degree of control desired.

NOTE Users should consult State Agricultural Experiment Stations or Extension Service Weed Specialists for recommendations as to use of NALCO H 170 E in their particular area or write Nalco

IMPORTANT: Do not apply directly to or otherwise permit this product to contact desirable, woody or herbaceous plants or areas where their roots may extend. Avoid spray drift to such a ints (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same equipment for other purposes). Do not store near fertilizers, seeds insecticides or fungicides. Do not contaminate water used for irrigation or domestic purposes. Do not reuse container. Destroy when empty by perforating or crushing followed by burial in a safe place away from water supplies.

NALCO H-170-E Herbicide is toxic to fish and wildlife. Birds and other wildlife may be killed. Do not apply when weather conditions favor drift from treated areas. Keep out of lakes, screams, ponds or public water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

CAUTION: HARMFUL IF SWALLOWED, CAUSES SKIN AND EYE IRRITATION.

On not get in eyes, on skin or on clothing. Avoid repeated breathing of vapor. Wash thoroughly after handling. In case of contact, flush with large amounts of water; for eyes, get medical attention. Remove and wash contaminated clothing before reuse.
