Dear Mr. Swindell:

Please find enclosed documents for approval of alternate small container labeling for NALCON® 7647 (EPA Reg. No. 1706-158).

As the container is too small to accommodate the complete label for this product, the elements identified in the Label Review Manual for Small Containers, page 18-3, are included on the label: ingredient statement, signal word, child hazard warning, EPA Registration Number and Establishment Number, and a reference to the complete label which will be placed in the product package.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulation at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statements to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

The following documents are enclosed with this submission:
