

ACCEPTED
DEC 1 1983
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended for the pesticide
registered under
EPA Reg. No. 1319-7

PAINTS

**ZIN-
TOX**

Wood Preservative

PREVENTS

Woodrot, Termites, Fungus

ACTIVE INGREDIENT	
Zinc Naphthenate	16%
INERT INGREDIENT	
Petroleum Distillate	84%
Total	100%
Zinc as metal	2%

WARNING!

COMBUSTIBLE

HARMFUL OR FATAL IF SWALLOWED

KEEP OUT OF REACH OF CHILDREN

See other cautions on side panel

CLEAR 74-2

ONE GALLON

MANUFACTURED BY MOBILE PAINT MFG. CO., INC., THEODORE, ALABAMA 36590

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING! May be harmful or fatal if swallowed. Do not breathe vapors or spray mist. Avoid contact with skin, eyes, or clothing. Causes skin and eye irritation. Wear protective clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

STATEMENT OF PRACTICAL TREATMENT
In case of contact with the eyes, flush with plenty of water and get medical attention. In case of contact with the skin, wash with soap and water. Get medical attention if irritation persists. If product is inhaled, remove victim to fresh air. If necessary, give artificial respiration and get medical attention. If swallowed, do not induce vomiting. Get medical attention immediately.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water or wet lands.

PHYSICAL AND CHEMICAL HAZARD
Combustible. Keep away from heat and open flame.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Zin-Tox preserves and protects all types of unpainted wood surfaces, lumber, timbers, fish nets, rope or twine.

Fish net, rope, or twine should be dipped in Zin-Tox to thoroughly saturate the fibers.

Zin-Tox may be applied by brushing freely, spraying, or dipping in a tank or trough.

Zin-Tox is most effective on unpainted, dry, clean lumber as Zin-Tox penetrates the pores and wood cells, filling them with Toxic Zinc, preventing Termites, Decay, Fungus, Mildew.

Zin-Tox may be painted over in 24 hours as it contains no creosote or tar products.

All wood which is to come in contact with the earth should receive two flowing coats by brushing or spraying or be dipped for at least 5 minutes for each inch of thickness. Other surfaces require only one coat.

Zin-Tox covers 300 square feet per gallon, one coat.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Do not store near heat or open flame. Store in original container only. Close container, after each use. Keep in a locked storage area, and out of reach of children.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
