Spa Brom Mini Paks

DISINFECTANT FOR SPAS AND HOT TUBS

HYDROTECH
CHEMICAL CORPORATION

A Subsidiary of Great Lakes Chemical Corporation

ACCEPTED
with COMMENTS
In EPA Letter 10/20/85

OCT 8 1985

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the purpose
registered under EPA Reg. No.
1729-128

DANGER:

KEEP OUT OF REACH OF CHILDREN.

See first aid and other precautions on back panel.

ACTIVE INGREDIENTS:

1-Bromo-3-chloro-5-	
5-dimethylhydantoin	96%
INERT INGREDIENTS	4%
Available Bromine	60%
Available Chlorine	28%

STATEMENT OF FIRST AID TREATMENT: If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. Do not induce vomiting. If person is conscious and vomiting, place face down with head lower than hips. Do not give anything by mouth to an unconscious person. Seek medical attention immediately. In case of skin contact, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation develops, seek medical attention. In case of eye contact, flush eyes with cold water for at least 15 minutes. Seek medical attention promptly.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER CORROSIVE. Causes eye and skin damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with NPDES permit. For guidance contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. Mix only with water. Use clean, dry utensils and equipment. Do not add this product to any dispensing device containing remnants of any other product. Such mixture may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, hazardous gases or, if possible, fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. If necessary, flood with large volumes of water.

NET WT. 0.74 LBS. (336 grams)

Approx. 53 gm./Mini Pak

PRODUCT CODE 58H

SPA BROM MINI-PAKS

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When used as directed, SPA BROM is effective as a spa and hot tub water disinfectant. To keep hot tub water sparkling clean and odor free, place SPA BROM Mini Pak(s) in the skimmer basket in the water by hanging them in the thermometer line near a return.

A sufficient number of Mini Paks must be used to maintain constant active bromine residuals (residential spas) or 4-6 ppm (commercial spas). Normally, one Mini Pak for each 200 gallons of water will be sufficient to maintain bromine levels within these ranges. As the SPA BROM dissolves, additional Mini Paks should be added periodically to maintain proper bromine levels and filter should be operated for at least three hours every day. To conserve energy, use the spa or hot tub is to be used. Do not heat water above 105°F. Keep the spa free of other debris. Backwash or clean the filter often. In heavily used commercial spas or hot tubs, refill with fresh water every 4 days. In commercial spas or hot tubs with average use, drain and refill with fresh water every 8 days. Residential spas and hot tubs should be drained and refilled with every 60 days. Before refilling, clean the sides with a non-abrasive, low foaming cleaner thoroughly each time the spa or hot tub is drained. Keep pH between 7.4 and 7.5 and never fall below 7.0. Use a good test kit often to test bromine residual and pH.

STORAGE AND DISPOSAL: Keep product dry in tightly closed original container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames, sunlight and other chemicals. DO NOT REUSE EMPTY CONTAINER. Rinse empty container thoroughly with water and discard in trash.
