# Spa Brom Feeder Sticks

DISINFECTANT FOR SPAS AND HOT TUBS

**HYDROTECH**  
CHEMICAL CORPORATION

A Subsidiary of Great Lakes Chemical Corporation

TO OPEN: Place coin in groove,  
pry and lift lid off.

TO CLOSE: Place lid on con-  
tainer, press edges down snap-  
ping lid on

**DANGER:**  
**KEEP OUT OF REACH OF CHILDREN.**  
See first aid and other precautions on back panel.

#### ACTIVE INGREDIENTS:

1-Bromo-3chloro-5, 6-dimethylhydantoin	96%
INERT INGREDIENTS	4%
Available Bromine	60%
Available Chlorine	28%

## SPA BROM FEEDER STICKS

**STATEMENT OF PRACTICAL TREATMENT:** If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. Do not induce vomiting. If person is conscious and vomiting, place face down with head lower than hips. Do not give anything by mouth to an unconscious person. Seek medical attention immediately. In case of skin contact, wash off excess chemical and flush skin with cold water for at least 15 minutes. If irritation develops, seek medical attention. In case of eye contact, flush eyes with cold water for at least 15 minutes. Seek medical attention promptly.

**PRECAUTIONARY STATEMENTS. HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER. CORROSIVE.** Causes eye and skin damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with NPDES permit. For guidance contact the regional office of EPA.

**PHYSICAL AND CHEMICAL HAZARDS:** Strong oxidizing agent. Mix only with water. Use clean, dry utensils and equipment. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, hazardous gases and possible fire or explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. If necessary, flood with large volumes of water.

NET WT. 2.5 LBS (1.13 kg.)  
App. ox. 23 gm/stick  
PRODUCT CODE S8A

Marietta, GA 30062  
A Subsidiary of Great Lakes Chemical Corporation

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its label.

When used as directed, SPA BROM is effective as a spa and hot tub water disinfectant. To keep spa and hot tub water sparkling clean and odor free, place SPA BROM Feeder Sticks in a suitable feeder. Sufficient SPA BROM Feeder Sticks should be used to maintain a constant active bromine residual of 2-4 ppm in residential spas and 4-6 ppm in commercial spas. Normally, one stick for each 100 gallons of water or fraction will be sufficient to maintain the necessary levels of bromine. The feeder, filled with SPA BROM Feeder Sticks, should then be operated as per manufacturer's recommendations. The pump and filter should be operated for at least three hours every day. To conserve energy, use the heater only when the spa or hot tub is to be used. Do not heat water above 105°F. Keep the spa free of leaves and other debris. Backwash or clean the filter often. In heavily used commercial spas or hot tubs, drain and refill with fresh water every 4 days. In commercial spas or hot tubs with average use, drain and refill with fresh water every 8 days. Residential spas and hot tubs should be drained and refilled with fresh water every 60 days. Before refilling, clean the sides with a non-abrasive, low-foaming cleaner and rinse thoroughly each time the spa or hot tub is drained. Keep pH between 7.4 and 7.8 and never allow it to fall below 7.0. Use a good test kit often to test bromine residual and pH.

**STORAGE AND DISPOSAL:** Keep product dry. In tightly closed original container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames, sunlight and other chemicals. DO NOT REUSE EMPTY CONTAINER. Rinse empty container thoroughly with water and discard in trash.
