The labels referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, are acceptable subject to the comments listed below. Five (5) copies of each finished label must be submitted.

1. Delete "or milk" under the First Aid statement, If Swallowed heading.
2. Change the word "product" to "pesticide" under the Environmental Hazards statement.

Sincerely yours,

Walter C. Farnish

STATEMENT OF PRACTICAL TREATMENT.

IF SWALLOWED: Seek medical attention promptly. Do not induce vomiting. Do not drink alcohol. Drink at least 8 ounces of water ~~or milk~~ (not to exceed 0.23 oz. per pound in a child).

SKIN CONTACT: Remove contaminated clothing immediately. Brush off excess chemical and wash skin with copious amounts of soap and water, flushing the skin with water for at least 15 minutes. If skin irritation develops, seek medical attention.

EYE CONTACT: Irrigate eyes with copious amounts of room temperature water for at least 15 minutes, then seek medical attention promptly.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER. CORROSIVE. Causes eye and skin damage. Harmful or fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling.

pesticide
ENVIRONMENTAL HAZARDS.

This ~~product~~ is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES permit. For guidance, contact your regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS.

DANGER. STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils and equipment. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, hazardous gases and possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. If necessary, flood with large volumes of water.

DIRECTIONS FOR USE.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DiHalo TABLETS are to be used only for repackaging or formulating as a disinfectant, sanitizer, bactericide, fungicide, and ~~skin~~icide. Registration by the Environmental Protection Agency is required before the new product can be lawfully distributed in interstate commerce.

STORAGE AND DISPOSAL

STORAGE: Keep product dry in closed container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames, sunlight and other chemicals. Do not contaminate water, food, or feed by storage or disposal.

DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

For Plastic Pails: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

For Drums: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.

OXIDIZING MATERIAL, N.O.S.
UN1479
BROMO-CHLORO-DIMETHYLHYDANTOIN

Figure 1 consists of nine small plots arranged in a 3x3 grid. Each plot represents a spatial distribution of individuals per quadrat. The top row shows a relatively uniform distribution. The middle row shows a more clustered distribution. The bottom row shows a highly clustered distribution with many empty quadrats and a few quadrats containing many individuals.
