DANGER KEEP OUT OF REACH OF CHILDREN
 See Back Panel for First Aid and Other Precautionary Statements

32 oz.

GUARDEX ALGAE CON

DIRECTIONS FOR USE

INITIAL DOSE: 16 ounces Guardex Algae Control per 20,000 gallons of water.

MAINTENANCE DOSE: 4 ounces Guardex Control per 20,000 gallons of water.

Apply by adding directly to pool water.

Initial dose is used when filling pool at beginning of swimming season. If pool has visible growth, treat with initial dose. Vacuum pool 24 hours to remove algae debris. If visible algae still present or re-appear, repeat this treatment procedure as necessary. When pool is free of algae, use the recommended maintenance weekly during swimming season.

For best results use in conjunction with G Pool Chlorine Concentrate. Maintain the pre-chlorine residual level. If algae problems become acute, consult your local authorized G dealer.

DANGER Keep Out of Reach of Children. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles, shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID In case of contact, immediately flush eye with plenty of water for at least 15 minutes. For eye physician. Remove and wash contaminated clothing. Do not reuse.

If swallowed, drink promptly a large quantity of water, whites, gelatin solution or if these are not available, large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may indicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be indicated.

This product is toxic to fish. Treated effluent should be discharged where it will drain into lakes, streams, or public water. Apply this product only as specified on label.
