

CYANAMID

CYTOX 4310 Industrial Biocide

(FOR CONTROL OF BACTERIA, YEASTS, AND FUNGI IN PAPERMILL WATER SYSTEMS)

Do not get in eyes, on skin, on clothing
Avoid breathing vapor or mist
Use with adequate ventilation
Keep container closed
Wear rubber gloves and goggles or face shield when handling concentrate.
Wash thoroughly after handling

FIRST AID In case of contact, immediately flush eyes with plenty of water for at least 15 minutes; call a physician.

CAUTION TREATED WATERS MAY BE HARMFUL TO FISH AND OTHER WILDLIFE

ACTIVE INGREDIENTS:

Sodium pentachlorophenate	13.2%
Sodium 2,4,5-trichlorophenate	6.0%
Sodium salts of other chlorinated phenols	1.8%
n-Propanol	7.5%

INERT INGREDIENTS

71.5%

USDA Reg. No. 1730

Net Contents, 54 Gallons (500 Pounds)

DIRECTIONS FOR USE

CYTOX 4310 is added to the papermill white-water system at a rate of 0.4 to 2.2 pounds of product per ton of paper. The exact dosage will depend upon operating conditions and extent of microbiologic contamination of the system. It is recommended that the total daily dosage be added as a shock dosage within a two- to four-hour period. If slime buildup is heavy, it may be necessary to add the required dosage of CYTOX 4310 within a two-hour period of each eight-hour shift.

As an alternate method of application, CYTOX 4310 may be metered continuously into the system at the recommended dosage.

DRUM DISPOSAL: Do not reuse empty drum. Return to drum reconditioner or destroy by perforating, crushing and burying in a safe place.

Pump Strength Pine Sol Spray Cleaner

EPA Reg. No. 1730-35

Final Printer Labeling

PUMP STRENGTH
PINE-SOL®
SPRAY CLEANER

*does more than clean: it kills
germs that cause household odors.*

Ready to use PINE-SOL® spray cleaner really does the big jobs because it cleans as it disinfects. Dissolves greasy grime and film. No rinsing needed except on asphalt tile.

Cleans and disinfects most washable surfaces: Walls, tiles, sinks, bathtubs, showers, kitchen cabinets — and similar household surfaces where odors and stains can be a problem. Avoid food contact surfaces. Controls mold and mildew. Disinfects against athletes foot fungus on floors, tiles, finished wood and other hard surfaces.

DIRECTIONS

1. Shake gently to disperse grease cutting, germ-killing pine oil.
2. Hold sprayer approximately 6 to 8 inches from surface to be cleaned. Spray until surface is thoroughly wet... wipe with paper towel, clean damp sponge or cloth.
3. For stubborn stains or grime, a second application may be necessary.
4. Repeat treatment for mold and mildew control once a week or as required.

Rinse empty container thoroughly with water before discarding.

ACTIVE INGREDIENTS: Pine Oil 2.06%; isopropanol 0.64%; soap 0.58%; 4-chloro-2-Cyclopentylphenol and related compounds .0058%.

INERT INGREDIENTS: 96.7142%.
