DISINFECTS AND
DEODORIZES AS IT CLEANS

PINE-SOL® PRESTO

Convenient PINE-SOL Presto is especially made for those tough cleaning jobs when you want to clean, disinfect, and deodorize but don't need a whole bucketful of PINE-SOL cleaning power. No need to mix with water and rinse. Just squeeze bottle and apply PINE-SOL Presto to sponge, cloth, or directly to the surface to be cleaned.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEANING: Cleans Washable Floors: One firm squeeze directly on floor will apply enough product to do a 5 ft. by 5 ft. area. Use damp mop to clean; rinse mop when it becomes dirty. PINE-SOL Presto is safe and effective on no-wax floors.

Cleans Kitchen and Bathroom Surfaces: For kitchen walls, cabinets, stove, and other appliances and for bathroom tub, tiles and basin, just apply PINE-SOL Presto to damp cloth or sponge and wipe clean.

Cleans Toilet Bowls: Squirt liberally (about 3 ounces) on sides and under rim; swab all surfaces and flush.

DEODORIZING: When used as directed, PINE-SOL Presto leaves a fresh, clean scent.

DISINFECTING: Kills Bathroom and Kitchen Germs: For floors, walls, and non-porous surfaces around the home, apply PINE-SOL Presto with sponge, cloth, or mop. Wet all surfaces thoroughly, let stand ten minutes, then remove excess. For highly soiled areas, clean excess dirt first and then follow directions for disinfecting.

Prevents Mold and Mildew: To maintain control on grout and porous surfaces, apply liberally to affected areas and wipe off excess. Repeat application every seven days or as necessary to prevent reappearance.

IMPORTANT: For best results, PINE-SOL Presto should be used directly from the bottle on surfaces to be cleaned. Do not use on carpets and upholstery.
