## Roach Control System

COMBAT® bait trays contain a totally unique insecticide ingredient to kill roaches. Laboratory and home use tests prove COMBAT gives more long lasting control than the insecticides in leading sprays and foggers. COMBAT can be placed next to food, in cabinets, anywhere you've seen roaches, even where you wouldn't dare spray.

### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For effective roach control, you must use a minimum of 12 trays at once and replace all trays every 3 months.

1. Break COMBAT bait trays apart from the plastic frame.
2. Place all 12 trays in areas where you've seen roaches (see illustration). For 8 feet by 12 feet or smaller kitchens, use at least 10 trays in the kitchen and 2 in each bathroom. For more than one bathroom, you should use additional trays and place at least 10 in the kitchen and 2 in each bathroom. For larger kitchens or particularly heavy infestations, we strongly recommend using additional trays and placing at least 12 trays in the kitchen and 2 in each bathroom. If you discover roaches in other areas, such as the bedroom or utility room, you will need to obtain additional trays. For best results, place COMBAT next to walls and flush in corners.
3. If applying COMBAT on vertical surfaces, use enclosed stickers by removing paper backing from both sides. Stickers are not needed for all 12 trays.
4. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within a week.
5. Replace all trays every 3 months to keep roaches from reappearing. Be sure to use 3-month replacement reminder (enclosed).

If you have any questions or comments about COMBAT, please call us toll free 1-800-4 COMBAT (Monday through Friday, 9:00 a.m. to 4:00 p.m. Eastern time).

DISPOSAL: Wrap containers and put in trash can.

EFFECTIVENESS GUARANTEE: If COMBAT does not provide roach control, return all 12 bait trays for a full refund to Consumer Affairs, American Cyanamid Company, Wayne, New Jersey 07470.

# COMBAT Roach Control System

COMBAT® bait trays contain a totally unique insecticide ingredient to kill roaches. Laboratory and home use tests prove COMBAT gives more long lasting control than the insecticides in leading sprays and foggers. This product is specially designed for large roaches, waterbugs, and palmetto bugs. Make sure to select the right COMBAT Roach Control System for your roach problem by using the pictures below to identify which type of cockroach pest you have. If you have seen both types of cockroach in your home it is strongly suggested you purchase both sizes of COMBAT Roach Control Systems for effective roach control.

**Large Cockroach**  
Habit: Primarily live and breed outdoors and enter homes in search of food. Tray placement near potential points of entry is key.

**Small Cockroach**  
Habit: Primarily live and breed in most areas like kitchens and bathrooms. More trays are required for effective control.

Here's how COMBAT works.

## DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For effective roach control, you must use all 8 trays at once:

1. Place all 8 bait trays in areas where you have actually seen roaches. For example, near or in floor drains and other exposed plumbing fixtures, near basement windows and doors, and where food is prepared and stored.
2. Use the entire contents of this carton at once. For best results, place next to walls and flush in corners, and at a coverage rate of 2 to 3 per 100 sq. ft.
3. If applying COMBAT to vertical surfaces use enclosed stickers by removing paper backing from both sides. Stickers are not needed on all trays.
4. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
5. Replace all trays every 3 months for effective control of large roaches. Be sure to use the 3 month replacement reminder enclosed.

If you have any questions or comments about COMBAT, please call us toll free 1-800-4 COMBAT (Monday through Friday, 9:00 a.m. to 4:00 p.m. Eastern time).

**DISPOSAL:** Wrap containers and put in trash can.

**EFFECTIVENESS GUARANTEE:** If COMBAT does not provide roach control, return all 8 bait trays for full refund to Consumer Affairs, American Cyanamid Company, Wayne, New Jersey 07470.
