BEST AVAILABLE COPY

Dear Mr. Metzger:

Subject: Amendment - Alternate Formulation and Addition of
"New Bait Formula" to the Label
COMBAT ROACH Control SYSTEM
EPA Registration No. 1730-66
Your Applications January 9 and May 31, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. We will accept only the term "New" on the front panel. This term can be incorporated on new labeling for a period of six months from the date of this approval letter.

Please note that in the future the Agency will not accept such an amendment unless you can justify that such a minor change in inert ingredients warrants a label notification. In previous requests for our approval of alternate formulas involving food components you did not request such a label amendment.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Roach Control System™

**Kills
Asian Roaches**

**Kills Roaches And The
Eggs They Carry For Three Months**
Contains 12 Child-Resistant Bait Trays

TOTAL NET WT. 0.635 OZ.

Net weight of contents only. This product is not to be used in areas where it may come in contact with food, feed, or other articles of commerce.

CAUTION DO NOT ALLOW CHILDREN TO PLAY WITH BAIT TRAYS

COMBAT® Roach Control System

COMBAT bait trays contain a totally unique insecticide ingredient to kill roaches. Laboratory and home use tests prove COMBAT gives more long-lasting control than the insecticides in leading sprays and foggers. COMBAT can be placed next to food, in cupboards, anywhere you've seen roaches, even where you wouldn't dare spray.

DIRECTIONS FOR USE:

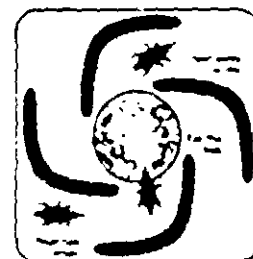

1. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For effective roach control, you must use a minimum of 12 trays at once and replace all trays every 3 months.
2. Break COMBAT bait trays apart from the plastic frame.
3. Place all 12 trays in areas where you've seen roaches (see illustration). For 8 feet by 12 feet or smaller kitchens, use at least 10 trays in the kitchen and 2 in each bathroom. For more than one bathroom, you should use additional trays and place at least 10 in the kitchen and 2 in each bathroom. For larger kitchens or particularly heavy infestations, we strongly recommend using additional trays and placing at least 12 trays in the kitchen and 2 in each bathroom. If you discover roaches in other areas, such as the bedroom or utility room, you will need to obtain additional trays. For best results, place COMBAT next to walls and flush corners.
4. If applying COMBAT on vertical surfaces, use enclosed stickers by removing paper backing from both sides. Stickers are not needed for all 12 trays.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within a week.
6. Replace all trays every 3 months to keep roaches from reappearing. Be sure to use the 3 month replacement reminder (enclosed).

If you have any questions or comments about COMBAT, please call us toll free 1-800-4-COMBAT (Monday through Friday, 9:00 a.m. to 4:00 p.m. Eastern time).

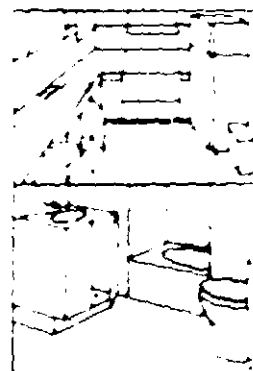

DISPOSAL: Wrap containers and put in trash can.

EFFECTIVENESS GUARANTEE: If COMBAT does not provide roach control, return all 12 bait trays for a full refund to Consumer Affairs, American Cyanamid Company, P.O. Box 27015, in case of emergency call collect 201-635-3100.

COMBAT Roach Control System

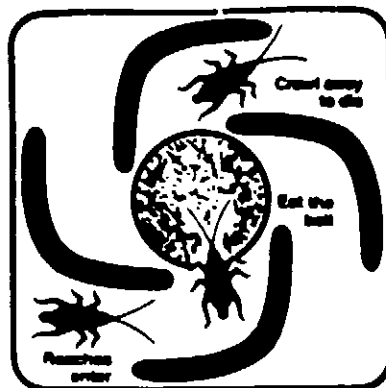

COMBAT[®] bait trays contain a totally unique insecticide ingredient to kill roaches. Laboratory and home use tests prove COMBAT gives more long lasting control than the insecticides in leading sprays and foggers. This product is specially designed for large roaches, waterbugs, and palmetto bugs. Make sure to select the right COMBAT Roach Control System for your roach problem by using the pictures below to identify which type of cockroach pest you have. If you have seen both types of cockroach in your home it is strongly suggested you purchase both sizes of COMBAT Roach Control Systems for effective roach control.

Large Cockroach
Habit: Primarily live and breed outdoors and enter homes in search of food. They placement near potential points of entry is key.

Small Cockroach
Habit: Primarily live and breed in moist areas like kitchens and bathrooms. More trays are required for effective control.

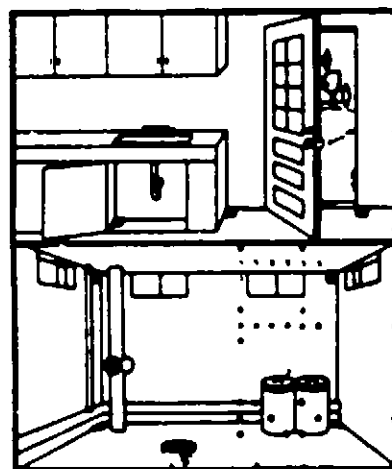

Here's how COMBAT works.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For effective roach control, you must use all 8 trays at once:

1. Place all 8 bait trays in areas where you have actually seen roaches. For example, near or in floor drains and other exposed plumbing fixtures, near basement windows and doors, and where food is prepared and stored.
2. Use the entire contents of this carton at once. For best results, place next to walls and flush in corners, and at a coverage rate of 2 to 3 per 100 sq. ft.
3. If applying COMBAT to vertical surfaces use enclosed stickers by removing paper backing from both sides. Stickers are not needed on all trays.
4. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
5. Replace all trays every 3 months for effective control of large roaches. Be sure to use the 3 month replacement reminder enclosed.

If you have any questions or comments about COMBAT, please call us toll free 1-800-4 COMBAT (Monday through Friday, 9:00 a.m. to 4:00 p.m. Eastern time).

DISPOSAL: Wrap containers and put in trash can.
EFFECTIVENESS GUARANTEE: If COMBAT does not provide roach control, return all 8 bait trays for full refund to Consumer Affairs, American Cyanamid Company, Wayne, New Jersey 07470.
