

JUN 26 1986

Mr. W.H. Metzger
American Cyanamid Company
697 Route 46
Clifton, NJ 07015

Dear Mr. Metzger:

Subject: Combat® Ant Control System
EPA Registration No. 1730-68
Your Application Dated December 17, 1985

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Delete the term "New" from the product name. This term may remain on the labeling for a period of 6 months from the Notice of Registration.
2. Delete the pet statement. Refer to our recent letter on Combat Roach Control System for approved precautionary statements for this type of product.

Submit five copies of your final printed labeling before you release the product for shipment.

86114:LaRocca:LR-7;KURCO:6/25/86;7/4/86;EK:LMP

CIRCUMSTANCES

OFFICIAL							
DATE							

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

CARTON BACK PANEL

COMBAT® Ant Control System

HERE'S HOW COMBAT WORKS (diagram)

Ants enter eat the bait carry bait back to kill queen and colony. COMBAT Ant Control System contains a totally unique insecticide ingredient. COMBAT bait trays are effective because ants carry bait back to destroy queen and the entire colony. And COMBAT is odorless, childproof and easy to use. It even kills the ants you don't see, back in the colonies where they live. COMBAT kills the following household ants: Argentine, black carpenter, cornfield, little black, odorous house and pavement ants.

DIRECTIONS FOR HOUSEHOLD USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1- Simply place each bait tray indoors right by ant trails or close to areas where ants are numerous. COMBAT can be placed in cabinets, next to food and dishes, or anywhere your ant problem occurs.
- 2- Increased ant activity may be seen near the bait trays for short periods and you can expect to see less activity within one week. For best results, do not interfere with the ants or the bait tray during its use because ants must carry the bait back to destroy the queen and colony.

EFFECTIVENESS GUARANTEE: If COMBAT does not provide satisfactory ant control, return all 3 bait trays for a full refund to: Consumer Affairs, American Cyanamid Company, Wayne, New Jersey 07470.

If you have any questions or comments about COMBAT, please call us toll free 1-800-4 COMBAT (Monday through Friday, 9:00 AM to 4:00 PM Eastern Time).

Note: Pets may encounter a COMBAT bait tray. The bait contained in the COMBAT bait tray will not cause harm to pets if ingested.

PRECAUTIONARY STATEMENTS:

CAUTION: HAZARDS TO HUMANS. May be harmful if swallowed.

FIRST AID: If swallowed, drink two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention. In case of emergency, call collect, 201-835-3100.

DISPOSAL: Wrap containers and put in trash can.
