WASHINGTON, DC 20460

EPA REGISTRATION NO.

1740-93

DATE OF ISSUANCE

JUN - 6 1990

TERM OF ISSUANCE

NOTICE OF PESTICIDE: ☐ REGISTRATION
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

161/252623
18/2

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. The registrant is required to submit a copy of the final printed label for the product to the Registration Division (75-767) within 30 days of the date of registration. The label must be submitted in accordance with the requirements of the Act and the Regulations thereunder. The label must be submitted in accordance with the requirements of the Act and the Regulations thereunder.

2. The registrant is required to submit a copy of the final printed label for the product to the Registration Division (75-767) within 30 days of the date of registration. The label must be submitted in accordance with the requirements of the Act and the Regulations thereunder.

3. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(d). The registrant is required to submit a copy of the final printed label for the product to the Registration Division (75-767) within 30 days of the date of registration.

COMBAT® TOTAL RELEASE FOGGER V

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- . Use only one can per room.
- . Extinguish all flames and pilot lights. Shut off electrical appliances.
- . Do not place in cabinet or under counter or table.

This product will kill houseflies, cockroaches, fleas, saw-toothed grain beetles, ticks, confused flour beetles, rice weevils, small flying moths, pillbugs and crickets.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on a stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

TO KILL TICKS AND FLEAS: Destroy pet's old bedding and replace with clean bedding. Use product as above. Treat dogs and cats with a registered tick control product prior to re-entry.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and foodstuffs.

Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Back Panel (Continued)

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Not for use in USDA meat and poultry plants.

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Do not induce vomiting because of aspiration hazard. Get medical attention immediately.
- IF ON SKIN: Wash off with soap and water. Get medical attention if irritation persists.
- IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.
- IF INHALED: Remove victim to fresh air. Call a physician if effects occur.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat or open flame.

Disposal: Replace cap and discard container in trash. Do not incinerate or puncture.
