SUNNY SOL®

Trade Mark Reg. U.S. Pat. Off.

"100"

BOTTLED SUNSHINE

A Concentrated Chemical Discovery

"FOR SWIMMING POOL CHLORINATION
AND SANITIZING."

Available Chlorine by weight = 8.7%

NET CONTENTS ONE GALLON

Active Ingredient	
Sodium Hypochlorite	9.2%
Inert Ingredient	90.8%

WARNING: KEEP OUT OF REACH OF CHILDREN
RINSE CONTAINER THOROUGHLY WITH WATER
AND DISCARD IT.

(See Additional Precautions on Side Panel.)

and Principal Cities

DIRECTIONS FOR SWIMMING POOL CHLORINATION

For a new pool or for Spring start-up, superchlorinate with 1/2 pint (8 ozs.) of Sunny Sol "100" sodium hypochlorite for each 1000 gallons of water. This dosage is equivalent to 5 ppm available chlorine by weight.

For Pool Maintenance:

- A) Adjust pool water pH to 7.2 - 7.6 and maintain
- B) Add manually or by a feeder device Sunny Sol "100" sodium hypochlorite at a rate to maintain an available chlorine residual of 0.6 to 1.0 ppm. One-half (1/2) pint (8 Ozs.) of Sunny Sol "100" sodium hypochlorite for each 5000 gallons of water will produce 10 ppm available chlorine by weight. Frequency of additions to maintain 0.6 to 1.0 ppm available chlorine will depend on temperature and number of swimmers. Use test kit to make certain the pH and chlorine residual are in the proper range.

DIRECTIONS FOR SANITIZING FOOD PROCESSING OR DAIRY EQUIPMENT

Clean equipment in the normal manner. Just before using, rinse all surfaces thoroughly with 200 ppm of Sunny Sol "100". Maintain contact with disinfectant for a minimum of two (2) minutes. Do not rinse with water after chlorine treatment. Do not soak overnight. Use one part SS "100" to 406 parts of water for a 200 ppm solution.

THIS PRODUCT IS TOXIC TO FISH.

Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

DATE PACKAGED:

WARNING: Keep Out of Reach of Children. Harmful if Swallowed. Skin and eye contact may cause severe irritation. Avoid contact with skin and eyes.
ANTIDOTE — EXTERNAL Wash with Water
ANTIDOTE — INTERNAL Drink Mucilage, Raw Egg White, Milk or Rice Gruel. Follow with Emetic (Tablespoon of Mustard in Tumbler of Warm Water).
