 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT
SUPER SHOCK

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Jones Chemicals, Inc.
100 Sunny Sol Boulevard
Caledonia, NY 14423

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

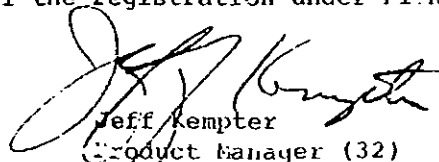

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(g).

Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration or at the next label printing, whichever occurs first.

Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(L)(1).

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

INSTRUCTIONS FOR SHOCK TREATMENT OF POOL WATER FOR CONTROL OF ALGAE

Algae growth develops in pools in shaded areas under bottom, along feet of pool, and in the pool water. Shock treatment of the pool water should be initiated. Add pool water (1) gallon of Super Shock to the equivalent volume of pool water. This dosage is equivalent to 10 ppm chlorine by weight. After circulating the pool water for 1 hour, repeat the shock treatment of pool water. Repeat shock treatment as necessary.

FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention. If swallowed, drink large quantities of water, or milk, or juice. Do NOT give vinegar or other acids. Do NOT induce vomiting. Get prompt medical attention.

NOTE: This product contains sodium hypochlorite. Do not use in swimming pools. Do not use in hot tubs. Do not use in hot tubs. Do not use in hot tubs.

STORAGE AND DISPOSAL: Store in a cool, dry place. Do not use in swimming pools. Do not use in hot tubs. Do not use in hot tubs.
