NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on the General Registration Standard -- "Guidance for Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the sole Active Ingredient" -- issued February 1986 and revised April 1986, EPA has registered the product listed above. This registration is granted under the authority of FIFRA section 3(c)(7).

Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No.1744-20007"
- b. A hypochlorites reregistration document has been issued which lists several labeling comments that supersede certain statements in the older hypochlorites Reregistration Standard. The labeling comments in the newer document that may be applicable to your product are enclosed. Even though you won't be submitting your labeling for Agency review, your labeling nevertheless must be in compliance with these enclosed
