Multi-Purpose Spray

STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

General: Use Residual Spray from D-TRAMS Intermediate 2247 as a spot treatment to control cockroaches, waterbugs, silverfish, ticks, fleas, and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

To Kill Cockroaches, Ants, Crickets, Silverfish, Spiders and Scorpions: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do not spray pets with this product. To control the source of your flea infestation treat your pets with a product registered for application to animals.

Flies and Mosquitoes: Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

Professional Strength

Ready to Use Spray - Residually Kills:
Ponches, Ants, Ticks, Fleas, and others listed.

For Use in Homes and Non-Food Areas of Kitchens, Commercial Buildings such as Garages, Theaters, Office Buildings, Schools, Hotels, Restaurants and Food Processing Facilities.

ACTIVE INGREDIENTS:	
d-trans Allethrin (allyl homolog of Cinerin I)	0.050%
Related compounds	0.004%
1,4-Octyl bicycloheptene dicarboximide	0.400%
2-Chloropyrifos 0,0-dimethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothionate	0.500%
Aromatic petroleum distillate	0.282%
Petroleum distillate	0.602%
INERT INGREDIENTS:	98.762%
	100.000%

1. NGK 264, Insecticide Synergist.
2. U.S. Patent No. 3,244,586 - Dow Chemical Company.

Precautionary Statements
Hazards to Humans and Domestic Animals

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not give emetic, call physician
If on skin: Wash with soap and water
If in eyes: Flush with potable water

NOTE TO PHYSICIAN:

Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is antidote of choice.

Do not use in the food areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

Physical Hazards

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
