

BEST HEAVY DUTY INSECTICIDE

With VAPONA[®]

Stock No. P-66

USDA Reg.
No. 1750-37

USES

BEST CONCENTRATED INSECTICIDE with VAPONA[®] is a specially prepared ready-to-use insecticide for use in controlling resistant and non-resistant insects. It is especially suited for use in large areas such as food processing plants, industrial plants, warehouses, restaurants and theaters.

DIRECTIONS

For use in Food Processing Plants, Industrial Plants, Warehouses, Restaurants and Theaters in controlling flies, mosquitoes, wasps, gnats, flying moths and other small flying insects, cockroaches, ants, spiders, and silverfish, apply as a coarse wet spray with low pressure sprayer or pressurized spray to localized areas insects may infest. Treat infested areas around baseboards, cracks, walls, door and window frames and localized areas of floors. **DO NOT APPLY** to areas which will be contacted frequently by children and do not allow them in treated areas until surfaces are dry. **DO NOT** contaminate food, water, food containers or cooking utensils. **DO NOT** treat animals.

For Fogging Application—Apply as a fog or fine mist with fogging or misting equipment **BUT ONLY BY OR UNDER THE DIRECTION OF TRAINED PERSONNEL.**

One gallon of a 0.5% solution will treat 32,000 cu. ft. Apply when plants are not in operation. Occupants should vacate before indoor treatments and should not re-occupy the premises until it has been ventilated. After application, open several windows or doors to create air currents to insure reduction of VAPONA[®] Insecticide vapors. Food should be removed and food handling equipment covered with wrapping paper during application or washed after application is completed. During fogging or mist spraying indoors, use a mask or respirator of a type passed by the U.S. Department of Agriculture for DDVP (VAPONA[®] Insecticide) protection.

CAUTION: Keep out of reach of children and domestic animals

Harmful if swallowed, inhaled, or absorbed through skin. In case of contact with skin or eyes, flush with plenty of water, for eyes, get medical attention. Keep away from open flame. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water or foodstuffs. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidote. Avoid prolonged breathing of spray mist.

Decontaminate and destroy used containers. Do not re-use for any purpose. Decontaminate containers by rinsing thoroughly with water and detergent. Destroy containers by breaking and burying in isolated area. Dispose of rinsings in a way so as not to constitute a hazard or contaminate water supplies.

ACTIVE INGREDIENTS	BY WEIGHT
2, 2-dichlorovinyl dimethyl phosphate	0.46%*
Related Compounds	0.04%*
